**Report:**

**Vidya Bharati Mahavidyalaya**  
**Department of Management Studies**  
**REPORT ON “UDHYAM”- Explore your business fundamentals**

MBA Department in collaboration with EDIC conducted a business related activity called “Udhyam” from. **27<sup>th</sup> to 30<sup>th</sup>, January 2023**. The main objective of the activity was :

- 1.To inculcate among students selling skills like negotiation, persuasion & convincing
- 2.To understand accountability & responsibility
- 3.Practically learning life skills like time management, stress management, strategy formulation

#### 4. Practical exposure given to students by making them work on field

The whole activity involves initial investment by the Institute for giving it to the groups. It is mandatory for every group to give an ROI (Return on Investment) of 20% of the amount invested. The students from MBA 1st & 2nd year are divided in equal groups of 6 each. The groups are displayed on the notice board. The entire event is of 3 days. Day one every group has to give ppt presentation on his strategy and product selection target audience and tentative ROI. The group presentations are judged by an external person from the corporate world. Usually we prefer inviting alumni of our department. Day two students early morning report to department and every group is given the amount around Rs.2 k. Within the prescribed time limit of 5 hours the student needs to work on field as planned. At the end of the time period every group has to submit the initial amount invested and the ROI to the co-coordinator. Day three the groups again have to give a ppt presentations in the following sequence:-

- \*About the product
- \*Capital available
- \*Capital Utilized in %
- \*Profit Percentage
- \*Experience ( good/bad)
- \*Learning's (In PPT wherever necessary add photographs)

Also every member of the group has to share their role and contribution towards the task. The profit amount collected is then donated to an old age home or an orphanage by the hands of all students. All the participants receive Certificates. The activity has an overwhelming response by the students as they enjoy the whole process of learning.

Thank You!!

**Subject: Letter of Appreciation**

**Respected Madam,**

Thank You very much for delivering an Informative and thought provoking Guidance as a guest speaker during workshop on **"Entrepreneurship Development In Cosmetics"** held on **04/03/2023** at Cosmetic Technology Department, Vidya Bharati Mahavidyalaya, Amravati. It was really a splendid presentation which helped students to get acquainted with the skin care treatment & skin Aesthetics.

All the students of **Department of Cosmetics** appreciated and were benefitted from your views on the subject.

Looking forward for your co-operation for the promotion of professional education in future as well.

We wish you all the best for your future projects.

Thanking You,

h

शिंदे या दोन दिग्गज साहित्यिकांनी संग्रहाबद्दल लिहिलेले लेख वाचनीय आहेतच सोबत प्रा. संपत गर्जे यांच्या संग्रहाची सखोल समीक्षा करणारे आहेत.  
या कवितासंग्रहात विविध विषयांवरील सत्तर कवितांचा

आदब, आदर, मान-सन्मान अशा कितीतरी गोष्टींचे प्रतिनिधीत्व करतात. शब्द नसते तर वाणी नसती, लेखणी नसती, भावनांना रुपांतरीत करण्याची कला नसती. शब्द काय काय करतात यासाठी कवी लिहितात-

## **Department of Management Studies**

### **TiECon- A Mega Entrepreneurial Conference Report**

On February 24 and 25th 2023, the Department of Management organised a visit of students to two days Mega Entrepreneurial Conference. The Workshop was attended by 10 students of Mega Entrepreneurial conference

An eye opening and mind boggling event attended by the students of BBA at Central India's biggest and most promising Entrepreneurial Conference TIECon 2023 at Symbiosis International University. Having met and listening to some of the most sound businessman and serial entrepreneurs they had instilled the fuel of entrepreneurship in themselves. The students were thankful to the management, Principal, HOD Dr. Pallavi Mandaogade and Dr. Pooja Dammani for supporting and encouraging students to attend this conference in Nagpur.

At the Conference students were enlightened and delighted to meet various industry stalwarts, got the privilege to hear their success stories, failures and coming back, an orientation towards MSME-IPO for budding entrepreneurs, the students were privileged to here various start up pitches, and were even able to watch out their business models in the business expo displayed over there. The students even interacted and cleared their doubts by interacting with the guest speakers over there. The two days stay was full of wisdom, hospitality and every bit of it starting from organising till implementation was marvellous and wonderful for students.

Some of the objectives for this Conference were:

1. Tiecon focuses on generating and nurturing our next generation of entrepreneurs
2. How to develop a network with the investors and venture capitalist
3. To foster entrepreneurship through mentoring, networking, education, funding and incubation, with a focus of giving back to the community.

At the end of Conference the outcome that the students received was they got a Platform to explore and give wings to their creative thoughts, imagination for fostering the seeds and means of Entrepreneurship, start –up and develop networking and presentation skills. This workshop was an interesting one that gave participants knowledge about the expertise and skills that are needed. It was also helpful to establish a business and explore your skills. Participants were grateful to the teachers and management for organising such a wonderful knowledgeable workshop.

**NOTICE**

**Date – 20/2 /23**

All the students of Department of Management are hereby informed that the department has organised **One Day Lean Six Sigma White Belt certification workshop**. It is firmly believed that the skills and knowledge acquired through this certification will not only enhance the students' educational experience but also provide them with a competitive edge in the job market. According to a survey by iSixSigma, over 70% of companies are actively seeking candidates with Six Sigma knowledge and experience, and a Lean Six Sigma certification can increase an individual's earning potential by up to 30%. And the supply of such resources has always been below the industry demand for last decade.

The Workshop is scheduled on 23<sup>rd</sup> February 2023 from 11.00 am to 2 Noon. Intliri Lean Six Sigma Academy will provide Lean Six Sigma White Belt certificate to each student attending the workshop. The Workshop is compulsory for all students.

**Report:**

**Vidya Bharati Mahavidyalaya**  
**Department of Management**  
**Lean six Sigma White Belt workshop report**

On February 23, 2023, the Department of Management organised a one-day Lean Six Sigma white belt certification workshop. The workshop was attended by students of MBA, BBA, MHRD, and MCM in the AV Theatre of the MBA Department. The chief instructor of intliri, Sachin Naik sir, has interacted with students.

**White Belt Workshop Content**

1. Introduction, ice breaker and need for job relevant skillsets/ expertise
2. Introduction to Lean Six Sigma
  - a. What is a process, how organisations make profits, how LSS helps drive top and bottom line growth
  - b. Cost of poor quality
3. Lean Philosophy, definition of value addition
4. The 3 most wanted (Mura – Unevenness, Muri – Overburden, Muda – Waste)
5. 8 types of wastes with examples
6. Toyota's Lean house of quality
7. What is Six Sigma
8. Importance of measures of central tendency and measures of variation
9. Process capability and normal distribution
10. Dependency function -  $Y = f(X)$
11. Lean Vs Six Sigma, Lean + Six Sigma
12. Overview of DMAIC methodology of LSS projects and key deliverables in each stage
13. Walkthrough of LSS tools
14. LSS Certification levels and roles, applicability and future outlook
15. Black Belt certification process

At the workshop, he first gave us an introduction to all the skills and expertise needed for a job. Following that, he introduced us to lean six sigma and what is involved in the process, as well as the cost of poor quality, the lean philosophy, the definition of value addition, and the three most desired (i.e., Muda—unevenness, Muri—overburden, Muda—waste). Then he explained Six Sigma, the significance of measures of central tendency and measure of variations, process capability, and normal distribution. Depth and overview of DMAIC, the methodology of the LSS project, and a walkthrough of LSS tools. He also gave us knowledge about the LSS certification levels, their rules, and their future outlook, and at last he told us about the process of black belt certification.

This workshop was an interesting one that gave us knowledge about the expertise and skills that are needed. It is also helpful to establish a business and explore your skills. We are grateful to the teachers for organising such a knowledgeable workshop.

Certified Lean Six Sigma Master Black Belt

Respected Sir,

We express our Sincere thanks to your good self for sparing your valuable time, Warm Support as a Resource Person for **One Day Lean Six Sigma White Belt certification workshop on 23<sup>rd</sup> February 2023** organized by Vidya Bharati Mahavidyalaya, Dept of Research & P.G.Studies in Management, Amravati in association with Training and Placement Cell.

We once again express our deepest gratitude for your Kind Gesture and thank you for your Participation and Sharing of Ideas and Expertise.

We hope to receive the same cooperation from you in future.

With Warm Regards!

Sincerely yours,

**SACHIN NAIK**  
IIM - Lucknow | Certified Lean Six Sigma Master Black Belt | Certified LSS Trainer | Master Coach

A prominent LSS practitioner, business coach and strategy consultant, Sachin is universally respected as one of the most insightful, humble, influential and recommended process consultant and LSS trainer. He is one of the well-known names in the industry for Lean Six Sigma expertise and training delivery.

His 14+ years of experience has enabled organizations across industries, including Fortune 500 companies, to improve operations efficiency and drive critical business outcomes. He has successfully completed upwards of 20 BB/MBB projects, mentored 100+ Black Belts and 500+ Green belts, driving exponential value for his clients. He has trained more than 2500 mid and senior executives on lean six sigma, project management, business process re-engineering, strategic leadership, design thinking and change management.

He is known for using his diverse life experiences to deliver seemingly complex concepts in easy to understand, simplified stories. His storytelling ability and humour keeps participants glued to their seats and his focus on applicability at work ensure tangible returns.

(57) Abstract :

This invention proposes a novel method for enhancing the efficiency and reliability of Multiple Input Multiple Output (MIMO) wireless transmission systems by integrating QR decomposition into the signal decoding process. The transmitted signals, represented as a matrix, are subjected to QR decomposition, simplifying subsequent mathematical operations and reducing computational complexity. The properties of the resulting orthogonal and upper triangular matrices from QR decomposition are used to manage interference in the MIMO system, leading to improved data transmission quality. The invention also leverages the computational efficiency of QR decomposition to adapt rapidly to varying channel conditions. This new method promises to significantly improve the performance of MIMO systems by reducing latency, managing interference more effectively, and offering improved adaptability to dynamic environments, thus enhancing overall system performance and reliability.

(57) Abstract :  
An adaptive computational system for real-time data processing combines techniques of integration and differentiation with principles of fixed-point analysis. This system offers dynamic response capabilities, tailoring its operations according to incoming data streams. Leveraging fixed point theory's stability and convergence properties, the system ensures accurate, efficient, and timely computations, making it suitable for a wide range of applications, from control systems to medical diagnostics. Its unique adaptability based on fixed point analysis marks a significant advancement in real-time computational methodologies.

(57) Abstract :  
 Artificial Intelligence-based approach to study the impact of Temperature on Dielectric Properties of Bismuth Ferrite (BiFeO3) Nanoparticles for PV Applications is the proposed invention. The proposed invention focuses on analyzing the impact of temperature on Dielectric properties of Bismuth Ferrite (BiFeO3) using the algorithms of Artificial Intelligence. The invention also focuses on analyzing the PV applications so that we can improve their applications in an advantageous manner.

(57) Abstract :

The present invention relates to a herbal emulgel formulation for skin care conditions comprising extract from leaves and/or seeds of Tectona grandis, water, acrylate/C10-30 alkyl acrylate cross polymers, humectants, sequestering agents, surfactants, moisturizers, emulsifiers, emollients, vitamin E analogues, vitamin C analogues, preservatives, antiperspirants, penetration enhancers, fragrance ingredients and/or other components. The formulation may be applied on skin of a user by topical administration and does not cause skin irritation, toxicity and/or harmful effects upon application. Moreover, the formulation may comprise extract of seeds and/or leaves of Tectona grandis incorporated in biodegradable polymeric microspheres of size less than 200 micrometers. Furthermore, the formulation may provide, including, emolliency activity, skin softening activity, moisturizing activity, antibacterial activity, antifungal activity, anti-inflammatory activity and/or antioxidant. Further, the formulation may provide moisturizing effect within 15 minutes after application on the user's skin.
