Program Outcome Attainment 2023-24

Introduction:

Program Outcomes (PO) of various programs offered by the college are measured on the basis of performance of the learners in different curricular and co-curricular activities. Depending on the nature of the programme, the college uses a variety of methods to measure the attainment level of Program Outcomes of the learners. Some of these methods have been listed below:

1. Continuous monitoring of students while doing regular practical and handling different instruments to evaluate modern tool usage.
2. Use of continuous internal evaluation through unit tests, assignments, seminars, and other participative learning methods to evaluate subject knowledge.
3. Participation of learners in different elocution, debate, seminar and sports competitions to assess individual and team work.
4. Use of question-answer methodology to check communication skills and critical thinking of learners.
5. Project based work in PG classes to evaluate the efficiency to conduct investigations of complex problems and design/development of solutions.
6. Students' involvement in different activities like tree-plantation, rain water harvesting, NSS, etc. to evaluate his/her responsibilities toward environment protection and sustainability.
7. Effective use of ICT techniques by the learners to acquire modern tool usage and employability skills.
8. Learner's involvement in group discussions, field visits and study tours are used to assess social interaction and effective communication as well as effective citizenship and social and professional ethics in a student.

Beside this, learners are evaluated constantly based on their regularity, their responsiveness, participation in class discussions, and participation in co-curricular activities and the overall quality of their conduct. In addition to above parameters the scale used to analyze the attainment of Program outcomes is as under:

Attainment Level 1: 0-25% Students successfully completed the respective course at final year.

Attainment Level 2: 26-49% Students successfully completed the respective course at final year.

Attainment Level 3: 50-74% Students successfully completed the respective course at final year.

Attainment Level 4: 75-100% Students successfully completed the respective course at final year.

Based on the above parameters the attainment level of Program Outcomes of the program offered by the college is as under:

Program Specific Outcome Attainment 2023-24

Introduction:

Program Specific Outcomes (PSO) of various programs offered by the college are measured on the basis of performance of the learners in different curricular and co-curricular activities. Depending on the nature of the programme, the college uses a variety of methods to measure the attainment level of Program Specific Outcomes of the learners. Some of these methods have been listed below:

1. Continuous monitoring of students while doing regular practicals and handling different instruments to evaluate modern tool usage.
2. Use of continuous internal evaluation through unit tests, assignments, seminars, and other participative learning methods to evaluate subject knowledge.
3. Participation of learners in different elocution, debate, seminar and sports competitions to assess individual and team work.
4. Use of question-answer methodology to check communication skills and critical thinking of learners.
5. Project based work in PG classes to evaluate the efficiency to conduct investigations of complex problems and design/development of solutions.
6. Students' involvement in different activities like tree-plantation, rain water harvesting, NSS, etc. to evaluate his/her responsibilities toward environment protection and sustainability.
7. Effective use of ICT techniques by the learners to acquire modern tool usage and employability skills.
8. Learner's involvement in group discussions, field visits and study tours are used to assess social interaction and effective communication as well as effective citizenship and social and professional ethics in a student.

Beside this, learners are evaluated constantly based on their regularity, their responsiveness, participation in class discussions, and participation in co-curricular activities and the overall quality of their conduct. In addition to above parameters, the scale used to analyze the attainment of Program Specific outcomes is as under:

Parameter-I:

Attainment Level 1: 0-25% Learners succeeded in the year end examination.

Attainment Level 2: 26-49% Learners succeeded in the year end examination.

Attainment Level 3: 50-74% Learners succeeded in the year end examination.

Attainment Level 4: 75-100% Learners succeeded in the year end examination.

Parameter-II:

Attainment Level 1: 0-25% Learners succeeded in the year end examination with distinction.

Attainment Level 2: 26-49% Learners succeeded in the year end examination with distinction.

Attainment Level 3: 50-74% Learners succeeded in the year end examination with distinction.

Attainment Level 4: 75-100% Learners succeeded in the year end examination with distinction.

Parameter-III:

Attainment Level 1: 0-25% Learners succeeded in the year end examination with first class.

Attainment Level 2: 26-49% Learners succeeded in the year end examination with first class.

Attainment Level 3: 50-74% Learners succeeded in the year end examination with first class.

Attainment Level 4: 75-100% Learners succeeded in the year end examination with first class.

Parameter-IV:

Attainment Level 4: 0-25% Learners succeeded in the year end examination with second class.

Attainment Level 3: 26-49% Learners succeeded in the year end examination with second class.

Attainment Level 2: 50-74% Learners succeeded in the year end examination with second class.

Attainment Level 1: 75-100% Learners succeeded in the year end examination with second class.

Parameter-V:

Attainment Level 4: 0-25% Learners succeeded in the year end examination below second class.

Attainment Level 3: 26-49% Learners succeeded in the year end examination below second class.

Attainment Level 2: 50-74% Learners succeeded in the year end examination below second class.

Attainment Level 1: 75-100% Learners succeeded in the year end examination below second class.

Based on the above parameters the attainment level of Program Specific outcomes of the program offered by the college is as under:

Course Outcome Attainment

2023-24

Introduction: Course Outcomes (CO) of various programs offered by the college are measured on the basis of performance of the learners in different curricular and co-curricular activities. Depending on the nature of the programme, the college practices different methods to measure the attainment level of Course Outcomes. Some of these methods have been listed below:

1. Continuous monitoring of students while doing regular practicals and handling different instruments to evaluate modern tool usage.
2. Use of continuous internal evaluation through unit tests, assignments, seminars, and other participative learning methods to evaluate subject knowledge.
3. Participation of learners in different elocution, debate, seminar and sports competitions to assess individual and team work.
4. Use of question-answer methodology to check communication skills and critical thinking of learners.
5. Project based work in PG classes to evaluate the efficiency to conduct investigations of complex problems and design/development of solutions.
6. Students' involvement in different activities like tree-plantation, rain water harvesting, NSS, etc. to evaluate his/her responsibilities toward environment protection and sustainability.
7. Effective use of ICT techniques by the learners to acquire modern tool usage and employability skills.
8. Learner's involvement in group discussions, field visits and study tours are used to assess social interaction and effective communication as well as effective citizenship and social and professional ethics in a student.

Beside this, learners are evaluated constantly based on their regularity, their responsiveness, participation in class discussions, and participation in co-curricular activities and the overall quality of their conduct. In addition to above parameters the scale used to analyze the attainment of course outcomes is as under:

Parameter-I:

Attainment Level 1: 0-25% Learners succeeded in the year end examination.

Attainment Level 2: 26-49% Learners succeeded in the year end examination.

Attainment Level 3: 50-74% Learners succeeded in the year end examination.

Attainment Level 4: 75-100% Learners succeeded in the year end examination.

Parameter-II:

Attainment Level 1: 0-25% Learners succeeded in the year end examination with distinction.

Attainment Level 2: 26-49% Learners succeeded in the year end examination with distinction.

Attainment Level 3: 50-74% Learners succeeded in the year end examination with distinction.

Attainment Level 4: 75-100% Learners succeeded in the year end examination with distinction.

Parameter-III:

Attainment Level 1: 0-25% Learners succeeded in the year end examination with first class.

Attainment Leve2:26-49% Learners succeeded in the year end examination with first class.

Attainment Level 3:50-74% Learners succeeded in the year end examination with first class.

Attainment Level 4:75-100% Learners succeeded in the year end examination with first class.

Parameter-IV:

Attainment Level 4: 0-25% Learners succeeded in the year end examination with second class.

Attainment Leve3:26-49% Learners succeeded in the year end examination with second class.

Attainment Level 2:50-74% Learners succeeded in the year end examination with second class.

Attainment Level 1:75-100% Learners succeeded in the year end examination with second class.

Parameter-V:

Attainment Level 4: 0-25% Learners succeeded in the year end examination below second class.

Attainment Leve3:26-49% Learners succeeded in the year end examination below second class.

Attainment Level 2:50-74% Learners succeeded in the year end examination below second class.

Attainment Level 1:75-100% Learners succeeded in the year end examination below second class.

Based on the above parameters the attainment level of Program Specific outcomes of the program offered by the college is as under:

Report on Attainment of Learning Outcomes 2023-24

Ensuring the attainment of learning outcomes (Programme Outcomes and Course Outcomes) is vital for evaluating an institution's success in achieving its goals, aligned with its vision and mission. Simply preparing and communicating these outcomes is insufficient without a robust, structured mechanism for assessment. In this regard, the Internal Quality Assurance Cell (IQAC) developed an effective mechanism for evaluating learning outcomes, duly approved by the Governing Body. This evaluation process serves as a benchmark to enhance quality and refine systems to meet the needs of students, the institution, and society.

In the academic year 2023-24, the college emphasized the attainment of learning outcomes by conducting a comprehensive survey. A questionnaire comprising 18 multiple-choice questions was designed and made available on the institutional website to assess the achievement of learning outcomes across various courses. The details of this survey are as follows:

- Survey/Feedback Type: Online
- Website address: vbm.org
- Direct Link URL: <https://vbm.org/attainment-COs.php>
- Total number of questions: 18
- Total number of final-year students: 1189
- Number of students participated: 778

Observations on Attainment of Learning Outcomes

1. Clear Communication of Outcomes: Students expressed satisfaction with the effective presentation and communication of course learning outcomes, highlighting the clarity and relevance of the objectives.
2. Competency Achievement: A majority of students acknowledged achieving the desired competencies upon completing their respective programs.
3. Skill Development Opportunities: The college was recognized for offering ample opportunities to develop essential skills and abilities through a variety of academic and co-curricular activities.
4. Faculty and Infrastructure: Learners appreciated the competence and dedication of professors, as well as the availability of necessary facilities, infrastructure, and equipment that contributed to their learning experience.
5. Adoption of Digital Platforms: Students demonstrated a positive attitude toward using online learning tools, such as Google Classroom, and encouraged their continued integration into the learning process.

Action Taken

1. Introduction of Skill-Based Courses: Departments have launched new certificate courses aimed at equipping students with practical skills relevant to industry demands.
2. Implementation of NEP 2020: The college has started implementing the National Education Policy (NEP) 2020 in postgraduate courses, aligning academic frameworks with the policy's recommendations.

3. Industry Partnerships and Exposure: Several new Memoranda of Understanding (MoUs) have been signed with organizations to facilitate internships, fieldwork, and industrial visits for students.
4. Academic Bank of Credits (ABC): Students' Academic Bank of Credits accounts have been opened on the government portal to enable seamless credit transfer and academic flexibility.
5. Enhanced Digital Learning: To support the adoption of digital platforms, the college plans to expand access to online learning tools, organize training for faculty and students, and incorporate blended learning approaches in more courses.

The institution remains committed to enhancing the learning experience, ensuring quality education, and equipping students with the skills necessary for their holistic development and societal contribution.
