Real-Life Experience as a Learning Tool

To make the concept of research methodology more relatable, Dr. Kedia shared a personal experience. He narrated a real-life scenario where he had conducted a research study, illustrating the step-by-step process of research methodology. This practical example added a human touch to the otherwise abstract concept and made it more understandable for the students.

Steps in Conducting Research and Key Takeaways

Dr. Kedia went on to describe the key steps involved in conducting research, which can be summarized as follows:

- a. Selecting a Research Topic
- b. Formulating a Research Question
- c. Literature Review
- d. Designing the Research
- e. Data Collection
- f. Data Analysis
- g. Drawing Conclusions
- h. Reporting the Findings

He explained each step in detail, highlighting the intricacies and challenges students might encounter during their research projects. He also stressed the importance of choosing a research topic that is both relevant and feasible, using the example "Job satisfaction among police employees with reference to Amravati city" as an illustration.

Conclusion:

Dr. Sandesh Kedia's wealth of knowledge and engaging presentation style inspired the students. Many felt motivated to explore research further and develop their research skills. The Workshop on Research Methodology was a resounding success. It provided MBA students with a foundational understanding of research methodology, its significance, and practical applications. The personal experience shared by Dr. Kedia, along with the detailed explanation of the research process, offered valuable insights and inspiration for the students as they embark on their research journeys. This workshop not only prepared them for their academic research projects but also equipped them with essential skills for their future careers in the business world. It was a significant step in the students' educational journey and a testament to Vidyabharti Mahavidyalaya's commitment to providing holistic and practical education to its students.

Report

On 26 September 2023, a workshop on Research Methodology was organized in collaboration with Department of Political Science and Department of History at E-Class Room Main Building in our Vidya Bharati Mahavidyalaya. Professor Vishal Haje sir guided the students as a guide. The program was presided over by Dr. G. D. Bansod, Head of the Department of Social Science. The program was attended by a large number of teachers and students. The program was introduced by Dr. Manal Kherke (In-charge), while coordination was and vote of thanks was done by Ms. Pranali Gavil.

Sub: Invitation to a Resource Person at Workshop on "Research Methodology"

Respected Sir,

I am pleased to invite you as a Resource Person at Workshop on "Research Methodology" to be held on 26.09.2023. I am sure your expertise and deep understanding of the present state of the research methodology will enrich the expert gathering of teachers, researchers, and students of the college.

Kindly accept the invitation and attend the workshop.

Thank You.

I am writing this letter to express my heartfelt gratitude for having a Resource Person at Workshop on "Research Methodology" on 26.09.2023. It was an enlightening experience for all the participants as well. Your expertise and knowledge on the subject matter was truly inspiring and will help to enrich our research methodology in the college.

I hope we will have more opportunities to work together in the near future.
 I hope to look forward to your visit.

Report:

Report on

“One day workshop on Intellectual Property Rights”

Intellectual property rights (IPR) are the legal privileges granted to the inventor or creator to safeguard their intellectual work (in the arts, sciences, literature, etc.) for a specific period of time. These legal rights grant the inventor or creator, or his assignee, the sole right to fully exploit their invention or creation for a specific amount of time. These Intellectual property rights are outlined in Article 27 of the Universal Declaration of Human Rights, which grants the right to gain protection for one's material and moral interests as a result of the authorship of works of science, literature, or the arts.

The significant body that oversees the global protection of IPRs is the World Intellectual Property Organisation (WIPO). It oversees the first international treaties to acknowledge the significance of intellectual property, which were the Paris Convention for the Protection of Industrial Property (1883) and the Berne Convention for the Protection of Literary and Artistic Works (1886).

Intellectual Property Rights Objectives

The term "intellectual property" (IP) refers to any original work of the human mind, including those in the arts, sciences, literature, technology, or other fields. Intellectual property rights are granted by considering the following objectives:

- Allowing people to profit financially or gain popularity from their inventions and creations
- to promote an environment where creativity and innovation can thrive by striking a balance between the interests of innovators and the larger public interest
- To protect traditional knowledge

Intellectual Property Rights Types

Traditionally, the two main categories of intellectual property rights are copyright and rights associated with copyright and industrial property. Industrial property includes trademarks, geographical indications, industrial designs, and trade secrets.

Patent in Intellectual Property Rights

When an invention satisfies the requirements of general novelty, non-obviousness, and industrial or commercial application, a patent is granted.

- Products as well as processes are eligible for patent protection.
- A patent gives the owner the authority to decide whether or how others may use an invention.
- In exchange for this privilege, the holder of the patent publishes technical details about the invention in the patent document for public consumption.

Copyrights

The legal term "copyright" is defined as the ownership rights of authors and artists over their creative works.

- The works protected by copyright can include computer programs, databases, advertisements, maps, and technical drawings, in addition to books, music, paintings, sculptures, and films.
- Copyright protects the author's rights to literary and artistic works for at least 50 years after the owner's death.
- The rights of performers (such as actors, singers, and musicians), phonogram producers, and broadcasting organisations are all safeguarded by copyright and related rights.

Trademarks

A trademark can be defined as a symbol that can be used to separate the products or services of one company from those of another company.

- Trademarks have existed since the earliest days when artisans would sign or "mark" their creations.

Industrial Designs

Industrial design represents the decorative or aesthetic component of an object. The designs can include two-dimensional elements like patterns, lines, or colours and three-dimensional elements like the shape or surface of an object.

Geographical Indications

Geographical indications and appellations of origin are labels applied to products that have a particular geographical origin and that have qualities, a reputation, or other characteristics that can primarily be linked to that location of origin.

- The name of the location where the goods were made is most frequently included in a geographical indication.

Trade Secrets

Trade secrets are intellectual property rights on private information (about a product, like Pepsi) that can be licensed or sold.

- It is considered an unfair practice and a breach of trade secret protection when others obtain, use, or disclose such secret information without authorization in a way that is inconsistent with honest commercial practices.

International Bodies/Conventions on Intellectual Property Rights

To safeguard intellectual property rights, the international community has come up with various conventions and established bodies, as listed below.

Intellectual Property Rights in India

Since the inception of intellectual property rights, India has been committed to their preservation in domestic as well as international frameworks.

- KAPILA: A systematic, comprehensive effort called "KAPILA, Kalam Programme for IP Literacy and Awareness" addresses the current barriers in the innovation ecosystem, particularly in our HEIs.

- This programme will raise appropriate awareness among students and faculty of higher education institutions about the value of filing IP, the processes involved, and the laws governing IP filing in India and worldwide.
- International membership:
 - Being a member of the World Trade Organisation, India is committed to the Agreement on Trade-Related Aspects of Intellectual Property (TRIPS Agreement).
 - India is also a member of the World Intellectual Property Organisation.

Legal Provisions

The legal provisions for various types of intellectual property rights are:

- Indian Patents Act: The law that oversees patents in India is the Patents Act of 1970.
 - The Indian Patent Act is administered by the Office of the Controller General of Patents, Designs, and Trade Marks, or CGPDTM.
 - Its major amendment was in 2005.
- Design Act of 2000: The act's protections support innovation and serve to safeguard both manufacturers' and consumers' interests.
- Trademarks Act of 1999 and its amendment of 2010: It has unique clauses associated with trade mark registration internationally. Within eighteen months, an international application may be filed in India to extend protection to the specified nations.
- The Geographical Indications of Goods (Registration and Protection) Act, 1999: A law to improve the protection and registration of geographical indications associated with products.
 - Also, there are various guidelines related to patents, trademarks and geographical indications.

Cell for IPR Promotion and Management (CIPAM)

CIPAM was established in order to advance the implementation of the National Intellectual Property Rights (IPR) Policy 2016.

- It operates under the Department for Promotion of Industry and Internal Trade (DPIIT) ensures targeted action on IPR-related issues and attends to the policy's seven stated objectives.
- In addition to taking action to promote IPR awareness, commercialization, and enforcement, CIPAM helps to simplify and streamline IP processes.

National IPR Policy 2016

It unifies all IPRs on one platform. It establishes a formal system for implementation, oversight, and evaluation. Importantly, it also seeks to incorporate and modify best practices from around the world for the Indian context.

- In addition, it gives communities more power to advance their traditional knowledge, regulate its uses, and profit from its commercial exploitation.

Advantages of IPR

The main advantage of intellectual property rights (IPRs) is to encourage and protect the creation, distribution, and offering of new goods and services that are based on the development and use of inventions, trademarks, designs, creative works, and other intangible assets.

- Economic growth: Giving statutory expression to the creators' economic rights and fostering fair trade, intellectual property rights can support economic growth by fostering economic development.
 - IPRs can generate income not only from direct marketing but also by licencing them to third parties.
- Fostering of culture: Copyright allows authors, performers, producers, and other creators to receive an economic reward for their works that enrich cultural heritage, enhance cultural diversity, and benefit society as a whole. These creative industries include publishing, music, and film.
- Technical information dissemination: Any member of the public, including researchers, can use patent information even when a company, university, or research institution does not intend to use its own patented inventions.
- Impetus to fair competition: By allowing consumers to make informed decisions about various products and services, the protection of IPRs such as distinctive signs aims to encourage and ensure fair competition as well as to protect consumers.
- Research and development: IPRs promote R and D activities due to the financial benefits indirectly provided to the creators. These R and D facilitate two things:
 - It facilitates the innovations and production of new technology, like a new formula of drugs against any life-threatening disease.
 - This new technology/formula, after the patent period, helps a large population (for example, through the development of generics). Thus, it serves the social purpose of IPRs.
- "Open source" is dependent on IPR: In industries like software, open source mechanisms like General Public Licences (GPLs) are common.
 - With no contractual obligation to use a single vendor, its benefits include reduced startup costs, quicker project launches, quicker iterations, more adaptable software development processes, strong community-driven support, and simpler licence management.
 - It's important to note that a typical GPL actually depends on IPRs since it is generally a copyright licence that is only valid as long as certain requirements are met.
- Collateral used to secure financing: IPRs, which are intangible assets, frequently aid small and medium enterprises (including start-ups) in their efforts to persuade outside parties to provide them with financing (such as investing equity or granting loans).
 - The financial industry, particularly knowledge-intensive SMEs, depends heavily on the valuation of intangible assets, such as patents.

Intellectual Property Rights Disadvantages

Here are a few disadvantages to intellectual property rights:

- Extra Charges for Creators: It might be a bit costly to obtain protection for the first time, especially if the product is complex and includes methods, designs, and processes.
- Piracy: Sometimes it becomes difficult to stop someone from copying the inventory work, even after obtaining IP protection. It becomes disadvantageous for the original creator of the patent.
- Decreasing Quality: As time goes on, the quality of intellectual property degrades along with the rights to it.
- Worldwide Inequities: The laws governing intellectual property are sometimes different. Different IP laws in different nations can result in unequal access to innovations and technologies, which disproportionately affects and impedes the development of developing nations.
- Costly nature of patented products: Due to high prices for patent registration, research and development, and evergreening of patents, the price of patented products like pharmaceuticals has skyrocketed. It harms the interests of the general public, as they rely on these drugs.

Issues regarding Intellectual Property Rights in India

With advantages and disadvantages regarding intellectual property in India, the issues that persist are,

- Ever greening: The Indian Patent Act 1970 (as amended in 2005) prohibits the granting of patents for inventions involving new forms of known substances unless there are significant differences in the substance's properties regarding efficacy.
 - This indicates that the Indian Patent Act forbids the ever greening of patents. This has caused issues for the pharmaceutical companies.
- Compulsory licensing: This is when the government authorises organisations to make, sell, import, or use a patented invention without the patent owner's consent. CL is covered by the Indian Patents Act.
 - For foreign investors who bring technology, compulsory licencing presents a challenge because they worry that CL will be abused to copy their products.

Subject: Invitation for "one day workshop on Intellectual Property Rights".

Dear Sir,

On behalf of Department of Computer Science, Vidya Bharati Mahavidyalaya, Amravati. We

are very pleased to honour of inviting you as speaker for "one day workshop on Intellectual

Property Rights". The event is schedule on Saturday 24th October, 2024 at 12:00 Pm in T8

Classroom, Third floor, main building.

We look forward to a positive confirmation, an honour for us indeed.

FACULTY PROFILE

- 1.Name of Teacher: **Dr. Vijay H. Masand**
2.Designation: **Professor**
3.Educational Qualifications: **M.Sc., B.Ed., SET, Ph.D.**
4.Date of Appointment: **01/08/2005**
5.Experience in Years: **20 Years**
6.Corresponding Address, Email and Contact no.: **A-101, Platinum Empire Building, New Cotton Market Road, Amravati, Maharashtra-444 603**
e-mail: **vijaymasand@gmail.com**
Contact no.: **9403312628**
7.Area of Research Interest: **Organic Synthesis and Computer Aided Drug Design**
8.Research Experience: **16 Years**
9.Research Projects Completed/ Ongoing:

S. No.	Name of Research Project	Name of Funding Agency	Fund Sanctioned	Duration
1	Co-Investigator for "Study of acoustical and transport properties of some carbohydrates with biochemic inorganic tissue salts in aqueous solutions"	UGC, New Delhi	Rs. 1,60,000/-	24/2/2012 to 24/2/2014

10. Number of students for Ph.D. degree:

S. No.	Name of Student	Title of the Thesis	University	Status (Awarded/ Working/ Enrolled)	Notification No.
1.	Dr. Nilesh Kadu	Preparation, Spectral Characterization And Biological Evaluation Of Some Substituted 1,3,4-Thiadiazole Derivatives	SGBAU, Amravati	Awarded	SGBAU/Ph.D./Chem./1383/2022

2.	Mr. Rahul Rahate	Designing, Synthesis, Spectral Characterization And Pharmacological Evaluation Of Some Derivatives Of 1,3,4-Thiadiazole Scaffold	SGBAU, Amravati	Working	SGBAU/Ph.D./Chem./1382/2022
3.	Mr. Rajkumar Bethekar	Synthesis, Characterization And Biological Evaluation Of Some Novel Derivatives Of 1,3,4-Thiadiazole And 1,3,4-Oxadiazole	SGBAU, Amravati	Working	SGBAU/Ph.D./Chem./2466/2023
4.	Mr. Nityanand Dahake	Design, Synthesis, Spectral Characterization And Biological Assessment Of Novel, Heterocyclic Compounds	SGBAU, Amravati	Working	SGBAU/Ph.D./Chem./2467/2023
5.	Ms. Dipali Madavi	--	SGBAU, Amravati	Enrolled	--

11. Worked as a referee for doctoral thesis:

S. No.	Name of Student	Title of the Thesis	University
1	Dr. Amol Shirsat	Synthesis And Antimicrobial Screening Of Some Heterocyclic Compounds Containing Pyrazole Moiety	B.A.M.U., Aurangabad

12. Publications:

Detailed Report (Up to 1000 Words):

Vidya Bharati Mahavidyalaya, Amravati.

Department of Physics

One Day Workshop on

“Research Methodology”

Report

The department of Physics, Vidya Bharati Mahavidyalaya in collaboration with IQAC, Vidya Bharati Mahavidyalaya, Amravati organized One Day Workshop on “Research Methodology” on July 21, 2023. Dr. Giri Madan Anantgir, Associate Professor, Department of Physics, Gramin Mahavidyalaya, Vasantnagar was the resource person as well as Chief Guest for the work shop. Dr. P.S.Yenkar, Principal, Vidya Bharati Mahavidyalaya, Amravati, as the chairperson of the work shop. The Guest of Honour Dr.P.G.Bansod, IQAC Co-coordinator, Vidya Bharati Mahavidyalaya, Amravati. Dr.G.T.Lamdhade, Head, Department of Physics, Vidya Bharati Mahavidyalaya, Amravati as the Convener of Work Shop. The organizing Secretary Dr.K.B.Raulkar, Professor, Department of Physics, Vidya Bharati Mahavidyalaya, Amravati & Joint Secretary Mr.P.S.Wagh, PG Teacher In charge, Department of Physics, Vidya Bharati Mahavidyalaya, Amravati were seating on the dice. Dr.A.O.Chauhan, Assistant Professor, Mr.R.B.Butley, Assistant Professor, Mr.C.C.Jadhao, Assistant Professor, Miss.S.P.Dharme, Assistant Professor, Department Of Physics, Vidya Bharati Mahavidyalaya, Amravati.

The program started with welcome of all the guests at the door of Smart Classroom by traditionally with kumkum teelak. All the dignitaries occupied their seats. The Guests took the privilege of Lamp Lightning ceremony as the program is incomplete without it. The guest speaker Dr. Giri Madan Anantgir was felicitated by Dr.P.S.Yenkar, Principal, Vidya Bharati Mahavidyalaya, Amravati. Dr.P.S.Yenkar madam gave the presidential speech and guided the students with her knowledge. She

gave various advice to the students regarding research point of view. After that Dr.G.T.Lamdhade, addressed the gathering with his words. He encouraged the students for doing research work after the completion of their post Graduation so that the students can achieve higher goals in their life. The reason behind this particular work shop is that the research methodology gives research legitimacy and provides scientifically sound findings. It also provides a detailed plan that helps to keep researchers on track, making the process smooth, effective and manageable, he added.

After that the Guest Speaker started the work shop. Dr. Giri Madan Anantgir sir gave his introduction about how he started the research work in his life. How he overcome the failure he faced during his research work. Sir has huge knowledge about the research methodology. Sir published plenty of research papers in national and international journals. He told students how to write a research paper, what factors affect the paper writing and so on. Sir took a very intellectual lecture on research methodology. It was really helpful for the students who are doing their projects of final year.

The smooth anchoring was done by students of M.Sc Physics Ms.Zeba Fatema, Ms.Divya Warkad, & Ms.Arпита Shelke. The program ended with vote of thanks by Ms.Shreya Sarode.

Subject: Letter of Invitation as an Expert Talk.

Respected Sir,

We humbly invite you as an Expert Talk at the One Day Workshop on Research Methodology organized by Department of Physics, Vidya Bharati Mahavidyalaya, Amravati on 21st July 2023 at 12.00 Noon. Your grateful presence at the One Day Workshop on research Methodology will be a source of inspiration for the youth. Kindly accept our invitation.

Looking forward for your kind response.

Best Regards,

Yours faithfully

LETTER OF GRATEFULNESS

Respected Sir,

I express my sincere gratitude to you for being the Expert Talk for the One Day Work Shop on "Research Methodology" organized by Dept. of Physics, Vidya Bharati Mahavidyalaya, Amravati which was scheduled on 21st July 2023.

I also express my thanks for addressing the session. Your lecture was a rare intellectual feast for all of us. Hope you would continue to enlighten our students with your erudite scholarship in the future.

With sincere regards,

Yours Faithfully,

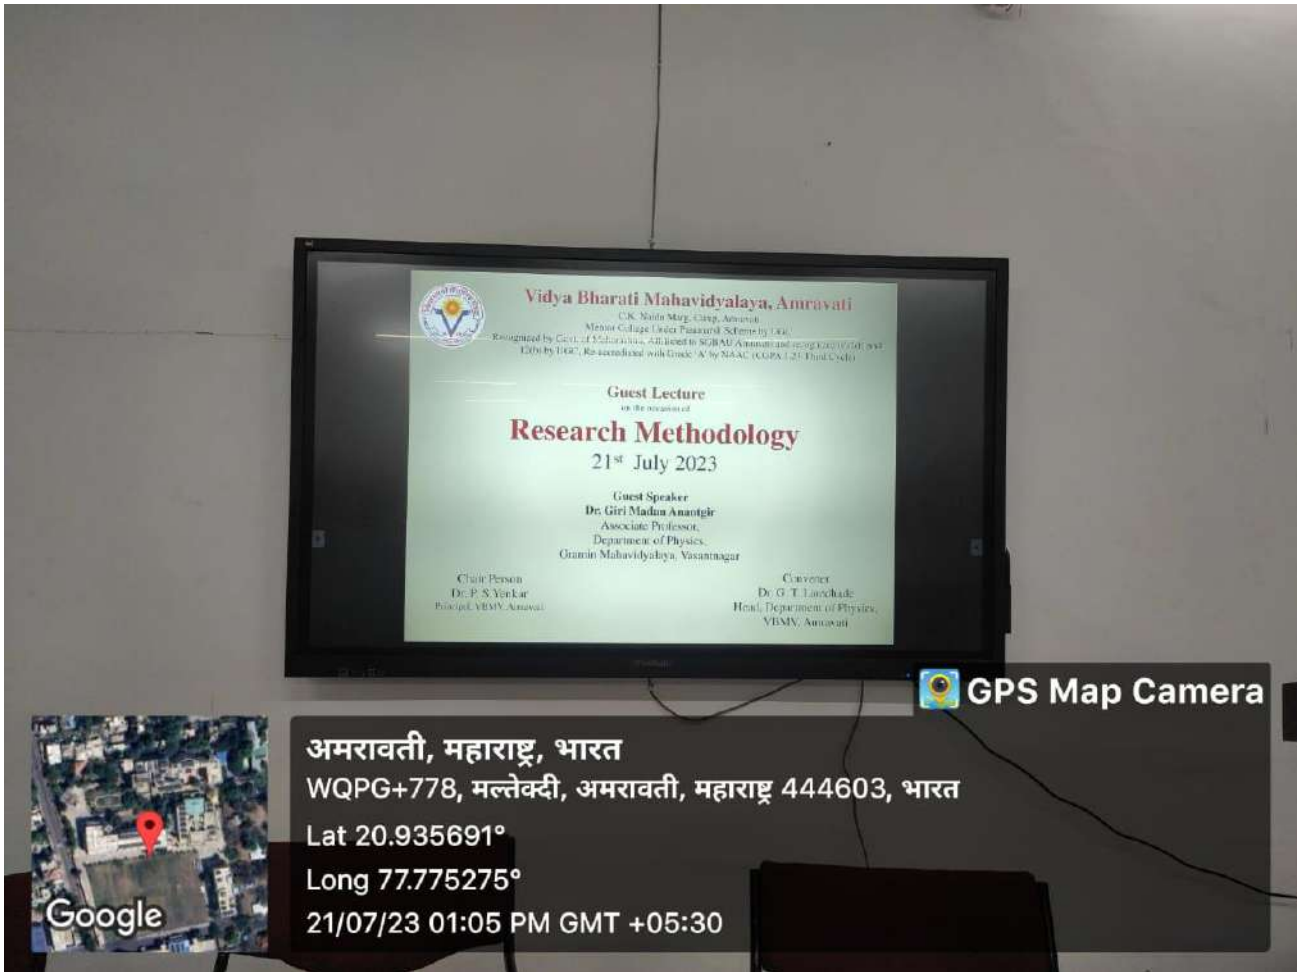

Prof. G. T. Lamdhade

Subject: Letter of Appreciation

Respected Madam,

Thank You very much for delivering an Informative and thought provoking Guidance as guest speaker on occasion of Workshop on "**Entrepreneurship Development In Cosmetics**" held on 14/10/2023 at Cosmetic Technology Department, Vidya Bharati Mahavidyalaya Amravati.

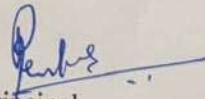

It was really a splendid presentation which exposed students to the skin care treatments & skin Aesthetics. Again the demonstration of garba make-up on the coming event of Navratri festival was fabulous.

All the students of **Department of Cosmetics** were appreciated and got benefited from your view on the subject.

Looking forward for yours co-operation for the promotion of professional education in future as well.

Thanking You

Principal

Subject: Letter of Appreciation

Respected Sir,

Thank You very much for delivering an Informative and thought provoking Guidance on topic Workshop on entrepreneurship held on 21/8/2024 in Department of Cosmetic Technology.

It was really a splendid presentation which exposed students to the Cosmetics Industries and overseas education. All the students of **Department of Cosmetics** were appreciated and got benefited from your view on the subject.

Looking forward for yours co-operation for the promotion of professional education in future as well.

Thanking You.

विद्याभारती महाविद्यालय येथे सौंदर्यशास्त्र विभागाच्या वतीने "कार्यशाळा" याचे आयोजन.

स्थानिक विद्याभारती महाविद्यालय कॅम्प, अमरावती सौंदर्यशास्त्र विभागातर्फे विद्यार्थ्यांसाठी "Workshop on Entrepreneurship - I" याचे आयोजन करण्यात आले. अतिथी सहयोगी श्री. स्वितेश भगत Kc Oversease एज्युकेशन शाखा व्यवस्थापक अमरावती शाखा, अमरावती ह्यांनी विद्यार्थ्यांचे मार्गदर्शन केले. त्यांना 9 वर्षांचा कामाचा अनुभव आहे.

याचे आयोजन सौंदर्यशास्त्र विभागाद्वारे बी. टेक.(कॉस्मेटिक टेक्नॉलॉजी), एम. टेक. (कॉस्मेटिक टेक्नॉलॉजी), बी. व्होक.(कॉस्मेटिक टेक्नॉलॉजी) चे विद्यार्थ्यांसाठी करण्यात आले.

Kc Oversease एज्युकेशन शाखा व्यवस्थापक स्वितेश भगत यांनी त्यांच्या शाखेबद्दल वेग - वेगळी माहिती दिली.

अनेक तरुण तरुणींना उद्योग करण्याची मोठी इच्छा असते परंतु याची सुरुवात कोठून करावी हे अनेकांना कळत नाही, या बद्दल सविस्तर माहिती स्वितेश भगत यांनी दिली. मागील अनेक वर्षांपासून शासकीय व निमशासकीय तसेच खासगी संस्थांच्या उद्योग शिबिरात प्रशिक्षण देतांना विविध वयोगटातील नवउद्योजक व अनुभवी उद्योजकांना प्रशिक्षण देतांना या विषयी खुलासा करण्याची संधी मिळाली. या विषयीचे महत्व लक्षात घेऊन या विषयी मी प्रत्येक नवीन संकल्पना व उद्योगातील चांगला व्यवसाय करता येऊ शकेल या विषयी मी येथे आपणासाठी माहिती देत आहे असे त्यांनी स्पष्ट केले.

जी व्यक्ती जोखीम व अनिश्चिततेच्या परिस्थितीत निर्णय घेते ती व्यक्ती म्हणजे उद्योजक आहे, असे स्वितेश सर यांचे म्हणणे होते.

त्यांनी परदेशातील शिक्षण तज्ञ आणि ते Kc Overseas एज्युकेशन अमरावती शाखेत परदेशातील शिक्षणाच्या संधीसाठी विद्यार्थ्यांना मार्गदर्शन आणि समुपदेशन केले.

बहु-देशीय समुपदेशन आणि देश-निवड, अभ्यासक्रम-निवड, शिष्यवृत्ती संधी या साठी विद्यार्थ्यांना मार्गदर्शन केले.

या कार्यक्रमातील मुख्य विशेषतः

विद्याभारती महाविद्यालय आणि Kc Oversease एज्युकेशन विद्यार्थ्यांसाठी उत्कृष्ट व्यावसायिक साक्षरता प्राप्त करण्याच्या उद्देशाने सहकार्य कार्यक्रम संचलित केला.

तसेच हा कार्यक्रम विद्यार्थ्यांसाठी अद्यावत प्रशिक्षण आणि स्थायी उद्योगी नौकरीची संभावना प्रदान करण्याचा ध्येय असून, विद्याभारती महाविद्यालय (सौंदर्यशास्त्र विभाग) आणि Kc Oversease एज्युकेशन एकमेकांशी सहाय्य करण्याच्या इच्छुक विद्यार्थ्यांसाठी उपाय साधले आहे.

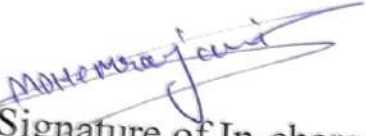

याचे आयोजन महाविद्यालयाच्या प्राचार्य डॉ. प्रजा येनकर एवं सौंदर्यशास्त्र विभाग प्रमुख डॉ. ललित व्यास ह्यांच्या मार्गदर्शनाखाली केले गेले.

विभागप्रमुख डॉ. ललित व्यास सरांनी आयोजनाबद्दल मार्गदर्शन केले आणि विद्यार्थ्यांच्या भविष्यामध्ये ह्याची नक्की मदत होईल अशी आशा व्यक्त केली.

कार्यक्रमाची प्रस्तावना प्रा. मीता हेमराजानी व आभार प्रदर्शन प्रा. तेजस्विनी लीलारव्हे ह्यांनी केले. ह्या कार्यक्रमांमध्ये विभागप्रमुख डॉ. ललित व्यास, प्रा. योगिता राजुरकर, प्रा. मीता हेमराजानी, प्रा. मिताली काळबांडे, प्रा. स्नेहल बहादुरकर, प्रा. वैष्णवी खोडे, प्रा. तेजस्विनी लीलारव्हे प्रा. जान्हवी शास्त्री व प्रा. श्रुतिका खुले सहभागी झाले व चर्चासत्रा मध्ये एकूण ९८ विद्यार्थी सहभागी झाले.

Outcome of Activity: The workshop is designed to train professionals associated or interested in entrepreneurship development so that they can act as "Resource Persons" in guiding and motivating young students particularly from cosmetic Technology.

Detailed Report (Up to 1000 Words):

Workshop Report: Seed Funding for Budding Entrepreneurs

On 17th October 2024, the Department of Management at Vidyabharti Mahavidyalaya, Amravati, organized a workshop on Seed Funding for Budding Entrepreneurs. The session was led by Mr. Suraj Nimkar, founder of Buddy Sarthi and a top 5 winner at the Vidarbha-level Shark Tank competition.

The Buddy Sarthi workshop held at college campuses focuses on equipping students with the skills and self-awareness necessary to navigate their career paths confidently. Through a blend of psychometric assessments and career guidance, Buddy Sarthi aims to provide students with a foundational understanding of their strengths, preferences, and the professional skills required in today's competitive job market. The primary objectives of the workshop include:

1. **Career Path Identification**: Utilizing psychometric tools, Buddy Sarthi helps students to identify and select career paths that align with their natural aptitudes and interests. Through the Ideal Career Test, students are guided to explore professional fields that best match their strengths, setting a clear direction for their academic and career pursuits.
2. **Skill Development and Awareness**: With a focus on 21st-century skills such as communication, teamwork, and problem-solving, the workshop aims to prepare students for real-world professional environments. The psychometric assessments also provide insights into the skills students need to thrive in a dynamic, team-based work setting.
3. **Enhanced Self-Awareness**: The psychometric tests are designed to bring greater self-awareness to students regarding their personality traits, strengths, and potential areas for improvement. This deeper self-understanding allows students to make more informed decisions about their education and career choices.
4. **Confidence in Career Decisions**: Through a structured guidance approach and the use of scientifically validated tools, Buddy Sarthi encourages students to feel more confident and assured about their career paths. By helping students recognize their unique abilities, the workshop fosters a sense of direction and purpose.

Outcomes

The Buddy Sarthi workshop is designed to deliver significant outcomes that aid students in aligning their career aspirations with their personal strengths and preferences. Through the guidance provided, students gain clarity and practical knowledge about what it takes to achieve success in various career paths. The primary outcomes expected from this workshop include:

1. ****Clarity on Career Direction****: With the insights gained from psychometric assessments, students can make more informed choices regarding their career direction, choosing paths that are well-suited to their strengths and interests.

2. ****Increased Readiness for Professional Environments****: The focus on skills like problem-solving and effective communication equips students to enter the workforce with a higher level of readiness, enabling them to handle real-world challenges and function effectively in professional settings.

3. ****Actionable Roadmap for Skill Development****: By identifying areas for improvement, students receive a clear roadmap for skill enhancement, allowing them to focus on personal growth areas that will be beneficial for their chosen career paths.

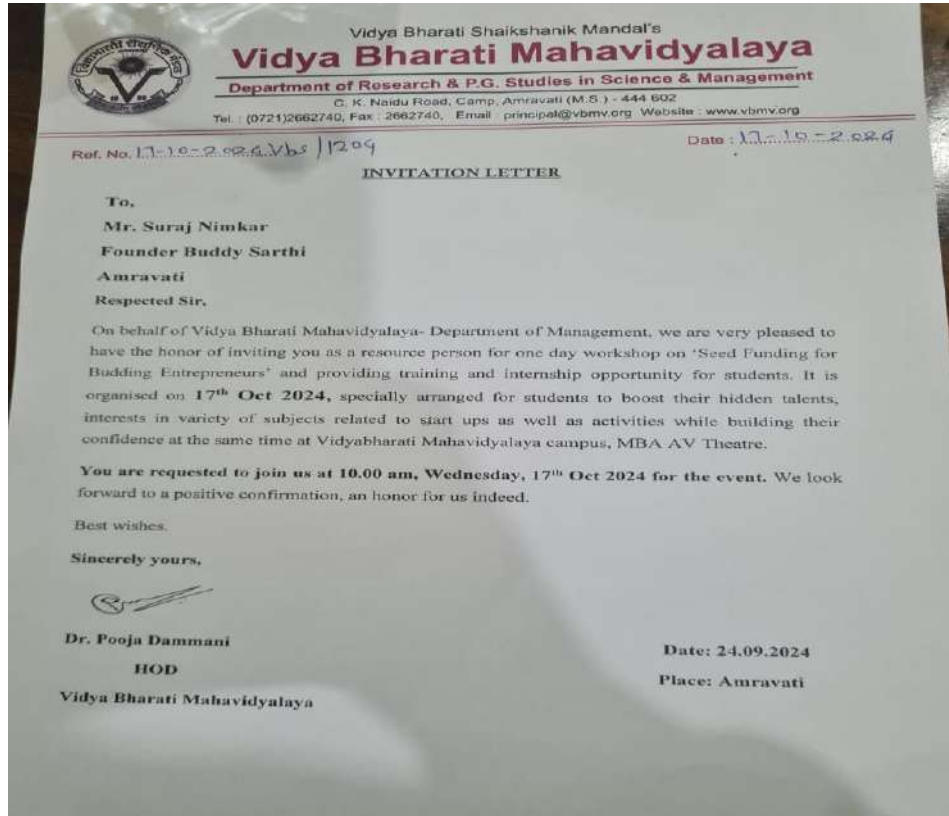

4. ****Confidence and Self-Assurance****: The guidance provided in the workshop helps students gain confidence in their abilities and career choices, empowering them to take initiative in their professional lives and approach future opportunities with self-assurance.

Mr. Nimkar shared insights on securing seed funding, building a strong business pitch, and navigating early-stage challenges. The workshop saw active participation from students and was well-received for its practical advice on entrepreneurship.

Dr. P.G. Dammani praised the initiative, and the event concluded with a vote of thanks.

THANKS LETTER

To,
Dr. Shubham Bais,
Post-Doc Fellow,
IMSc, Chennai.
Respected Sir,

I'm writing to express my sincere gratitude for your participation as a guest speaker at our recent event, [Guest lecture]. Your lecture was informative, engaging, and thought-provoking. It was clear that you put a lot of thought and preparation into your talk, and it showed.

I received many positive comments from attendees about your presentation. They were particularly impressed with your insights into [Research Methodology]. I'm confident that your talk will have a lasting impact on the attendees' thinking and work.

Thank you again for your willingness to share your expertise with us. We hope to have you back as a speaker in the future.

Principal
Yours sincerely,
Vidya Bharati Mahavidyalaya,
Amravati.

Invitation:

INVITATION LETTER

To,

Dr. Shubham Bais,

Post-Doc Fellow,

IMSc, Chennai.

Sub: Letter of Invitation for A Guest Speaker

Respected Sir,

We are delighted by having the opportunity to invite you as a guest speaker in our college to enlighten our students regarding the subject [Research Methodology]. We will be honored to have been able to share your experiences and opinions. This lecture will take place at [T3 Classroom] on [28-10-2023].

We hope you will accept our request for this invitation and help our students to gather knowledge. We hope that we will benefit a lot from your presence.

Thank you very much,

Regards.

Principal
Yours sincerely,

Meeting Conducted With Minutes :

Meeting Conducted with Minutes:

All Committee Members of Department of Computer Science & Electronics were informed regarding meeting on What's app group which will be held on 30/09/2023 at 03:30 pm in the Department of Electronics.

Agenda:

- 1) Finalization of the date of organisation of Workshop on Research Methodology: How to write Research Papers.
- 2) Distribution of work.
- 3) Any other subject with the permission of the chair.

Minutes of the Meeting:

The meeting was held on 30/09/2023 at 03:30 pm in the Department of Electronics to discuss the following issues.

The following members were present for the meeting.

- 1) Dr. R. J. Gajbe (HoD, Dept. of Electronics) - *R. Gajbe*
- 2) Mr. Ather Iqbal (HoD, Dept. Of Computer Science) - *Ather Iqbal*
- 3) Ms. S. B. Sarvaiya - *S. B. Sarvaiya*
- 4) Ms. S. M. Mohod - *S. M. Mohod*
- 5) Mr. D. M. Kene - *D. M. Kene*
- 6) Miss. K. D. Bhanang - *K. D. Bhanang*
- 7) Mr. A. R. Yenkar - *A. R. Yenkar*
- 8) Mr. N. R. Bundile - *N. R. Bundile*

Dr. R. J. Gajbe welcomed all the members and the following issues were discussed in the meeting.

Item No. I : Finalization of the date of organisation of Workshop on Research Methodology: How to write Research Papers.

After discussion, it was decided the Workshop on Research Methodology: How to write Research Papers will be conducted on 11/10/2023 at 2.30 pm at AV Theatre, Main Building. The notice for circulation amongst students will be prepared by Mr. Anup Yenkar up to 2/10/2023 and will be sent to what's app group of students and displayed on Notice Board.

Item No. II: Distribution of work

It has decided that the permission letter will be prepared by Mr. D. M. Kene and take the permission from Hon'ble Principal Madam.

Invitation Letter to the Dr. S. N. Kale, Professor, Applied Electronics Department, SGBAU, Amravati will be prepared by Ms. S. B. Sarvaiya and will be posted to the concern department. Mr. Nilesh Bundile and Mr. Anup Yenkar will prepare the Report of the event. The responsibility of hospitality will be given to Ms. K. B. Bhanang Madam and Stage to Ms. S. M. Mohod.

Item No. III : Any other subject with the Permission of the chair.

There were no more subjects for discussion.

At the end of the meeting, Dr. R. J. Gajbe madam proposed the Vote of Thanks.

Date : 30/09/2023

Action Taken

Action Taken:

The meeting for organization of Workshop on Research Methodology: How to write Research Papers conducted on 30/09/2023 at 3.30 PM. It was decided to conduct the said workshop on 11/10/2023 at 2:30 pm at AV Theatre, Main Building in the campus. Then, permission letter and notice for circulation were prepared and took the permission from Hon'ble Principal Madam. The notice was circulated amongst the students and also displayed on the Notice Board. The Letter of Invitation to Dr. S. N. Kale was also prepared and posted them on What's App number and also provided by hand. On the day of organization of this event, Stage Committee and Hospitality Committee gave their full involvement.

Detailed Report:

The Workshop on “Research Methodology: How to write Research Papers” conducted on 11/10/2023 at 2.30 PM at AV Theatre, Main Building in the campus. The Program was organized by the Department of Electronics in collaboration with Department of Computer Science.

Hon’ble Principal Dr. P. S. Yenkar chaired the workshop. The program was introduced by Dr. R. J. Gajbe, Professor & Head of Department of Electronics. Ms. Rakhi Jain from M. Sc. II introduced the Guest Speaker Dr. S. N. Kale, Professor, Applied Electronics Department, Sant Gadge Baba Amravati University, Amravati. Madam Dr. Kale presented PPT to the students on how to write research papers. She gave valuable information and said that the research paper is the rigorous work of research investigation. She said that a good title of research paper is one which adequately describes the contents of the paper in fewest words. In her speech, she explained the IMRaD Approach for writing paper. Most of the basic style to organize a paper is in the following parts: i) Introduction, ii) Methodology, iii) Results and Discussion and iv) Conclusion. The workshop was very interactive.

The students of M. Sc. (Computer Science) as well the UG students who are thinking to go for PG and research were very happy as they learnt something new and helpful information. During workshop, students asked many questions curiously.

The program was hosted by Ms. Riddhi Rajas, from B. Sc. III and vote of thanks was proposed by Ms. Neha Bhagat from M.Sc. I Year. All committee members and students took lot of efforts for the successful organization of this event. Overall, the Workshop on ‘Research Methodology: How to write Research Papers’ conducted successfully.

CV of Resource Person :

Mrs. Sujata N. Kale

Qualification: M.Sc. (Applied Electronics), M.E.(Electronics), Ph.D. (Electronics Engineering -Machine Intelligence)

Post: Associate Professor

Contact: sujatakale@sgbau.ac.in , sujatankale@rediffmail.com

Teaching Experience: 27Years

Research Experience: 17 years

No. of Books Chapters Published: 02

Patent Published: 2

Research Field: Machine Intelligence, VLSI, Digital Image Processing

Important Projects handled

Minor Research project funded by General fund Amravati university titled “ASIC Development for automising appliances for handicap persons”

worked on Indian Nano-electronics user program Project Titled “Fabrication & characterisation of a silicon based memristor” at IIT Bombay

Member: Member of BOS (Electronics Engg.) at SGBAU and BOS (Electronic Science) at SGBAU, Amravati

Important Responsibilities handled at SGBAU

1. Worked as Co-Coordinator of CIC
2. Director, IDEA
3. University Representative of Fulbright fellowship USIF

Other responsibility at University level

1. Executive committee member of Avishkar
2. Team manager for Avishkar 2012, 2017, 2018, 2019

Contribution to department

1. Training & placement coordinator- Taking efforts for placement of students.
2. Extension activity- Every year LED lamp fabrication workshops are conducted under Energy conservation awareness centre.
3. Lab development
4. Industrial visits
5. Co-curricular
6. Extracurricular
7. NSD, Projects

Invitation Letter

To

Dr. S. N. Kale

Professor

Department of Applied Electronics,

Amravati

Dear Madam,

It gives me a great pleasure to let you know that Departments of Electronics & Computer Science are hosting Workshop on "Research Methodology: How to write Research Paper" on 11th October 2023 at 2.30 pm in AV Theatre, Main Building.

You are invited as a Guest Speaker on this occasion. You are therefore, requested to spare time for us and accept our invitation.

With warm regards.

Principal

Dear Madam,

I am very much happy to be associated with you. I sincerely appreciate the time you spent for us and providing our students a knowledge on How to write Research Paper. I am sure your views and opinions shall give a new perspective to the students/ researchers.

Again, thank you so much for your academic support and wish to seek your support in future too!

With best wishes...

Outcome of Activity :

Outcome of Activity :

It develops awareness amongst the students. This workshop will help students to improve the quality of research paper. This will help them to write effective research paper and also help them to eliminate the grammar and style errors that can greatly improve the flow of information in research paper and increase its chances of publication in journals

Workshop Report: Research Methodology in Economics

Date: 8th October 2024

Venue: E-Classroom

Number of Participants: 36 (Undergraduate Students)

Resource Person: Prof. Vanita D. Chore, Late Narayanrao A. Deshmukh Arts and Commerce College, Chandur Bazar

Chairperson: Dr. G.D. Bansod

Organizer: Dr. D.S. Rangacharya, Department of Economics

Introduction

On the 8th of October, 2024, the Department of Economics organized a workshop titled "Research Methodology in Economics" aimed at equipping undergraduate students with the necessary tools and knowledge to conduct research in the field of Economics. The workshop was conducted in an E-Classroom with 36 enthusiastic undergraduate students in attendance. This session focused on familiarizing students with various research techniques and methodologies specific to the economic discipline.

The resource person, Prof. Vanita D. Chore from Late Narayanrao A. Deshmukh Arts and Commerce College, Chandur Bazar, provided insightful guidance throughout the session. The chairperson for the workshop was Dr. G.D. Bansod, and the event was organized by Dr. D.S. Rangacharya.

Objective of the Workshop

The main objective of this workshop was to introduce students to the importance of research in Economics and familiarize them with various research methodologies. Specific goals included:

- Providing a basic understanding of research processes and methods relevant to Economics.
- Educating students about qualitative and quantitative research techniques.
- Guiding students on how to frame research questions and design appropriate methodologies.
- Offering insights into data collection, data analysis, and interpretation of economic data.
- Highlighting the importance of critical thinking and objectivity in conducting economic research.
- Encouraging students to pursue research-based careers or higher studies in the field of Economics.

Key Highlights

Prof. Vanita D. Chore opened the session with a brief introduction to the importance of research in Economics, emphasizing how research enables economists to develop theories, solve problems, and inform policy decisions. She outlined the different types of research methodologies, including qualitative and quantitative approaches, and explained how each plays a vital role in economic studies.

The session covered the process of formulating a research question, developing a hypothesis, and choosing the appropriate methodology for analysis. Prof. Chore elaborated on various data collection techniques such as surveys, interviews, and the use of secondary data, which are crucial for conducting research in economics. She further discussed the tools and software commonly used for analyzing economic data and how students can apply these techniques in their academic projects.

A notable section of the workshop was the emphasis on the importance of ethics in research. Prof. Chore explained that while gathering and analyzing data, researchers must adhere to ethical guidelines, ensuring that the research process maintains integrity and transparency.

Throughout the session, Prof. Chore shared examples from her own research work, offering practical insights into how economic research contributes to understanding critical economic phenomena, such as poverty, inflation, and labor market trends.

Chairperson's Address

In his remarks, Dr. G.D. Bansod emphasized the need for young economists to actively engage in research to drive innovation and contribute to the body of knowledge in the field. He highlighted how students could use the skills they learn during workshops like this to conduct meaningful research that addresses real-world economic challenges.

Dr. Bansod encouraged students to take up small research projects during their undergraduate years, emphasizing that such experiences would build a strong foundation for future academic and professional endeavors in economics.

Interactive Session

Following the formal presentations, an interactive Q&A session allowed students to engage directly with Prof. Chore and Dr. Bansod. Students asked questions about how to select research topics, ways to ensure data validity, and the best approaches to present research findings. The interactive nature of the session ensured that students not only gained theoretical knowledge but also practical advice on conducting economic research.

Conclusion

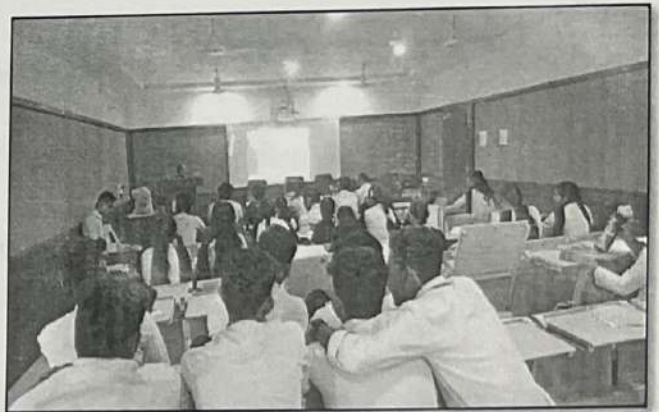

The workshop on "Research Methodology in Economics" successfully met its objective of introducing students to the essential elements of research in economics. The session provided participants with valuable insights and practical guidance on how to approach research work, laying the groundwork for future research endeavors. Students left the workshop with a better understanding of research methodologies and the importance of a structured approach to conducting research in Economics.

The Department of Economics plans to organize more such sessions to help students further develop their research skills, enabling them to contribute to the field of Economics through informed, evidence-based studies.

Sub: Invitation as a Resource Person at a Workshop on Research Methodology.

Dear Madam,

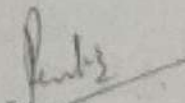

With reference to the above I am pleased to invite you as a Resource Person at a 'Workshop on Research Methodology in Economics'

The event is scheduled to be held on 8th October, 2024.

Your presence in the said event will be an honor to us. Kindly accept and do the needful.

Thank You

Principal
Principal
Vidya Bharati Mahavidyalaya
Amravati.

Dear Madam,

Warm Greetings!

I express my sincere gratitude towards you for sharing your valuable time as a Resource Person at a 'Workshop on Research Methodology in Economics' on 8th Oct, 2024.

Your inputs and expertise on the topic has opened a new vista of knowledge, awareness and insight of the participants in the best possible way.

Thank you for gracing the occasion. Expecting the same cooperation in future too!

Thank You

Principal

Principal

Amravati.

17. Outcomes of Activity :

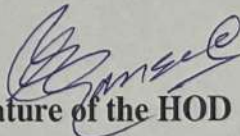

Objective :

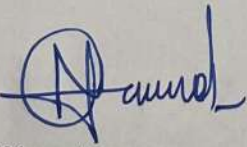

The main objective of this workshop was to introduce 36 students to the importance of research in Economics and familiarize them with various research methodologies

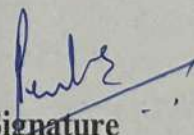

Outcomes :

- 1. Increased Understanding of Research Methods:** Students gained a deeper understanding of various research methodologies used in economics, including both qualitative and quantitative approaches. They learned how to apply these methods to investigate economic phenomena effectively.
- 2. Enhanced Analytical Skills:** The workshop encouraged students to think critically about economic data, helping them develop stronger analytical skills. They learned how to formulate research questions, gather data, and analyze findings.
- 3. Practical Application of Research Techniques:** Students were introduced to the practical applications of research techniques, including data collection and analysis tools. This knowledge prepares them for future academic projects or research-based careers.
- 4. Motivation for Further Research:** Many students expressed interest in pursuing further research opportunities, motivated by the insights gained during the workshop. This opens avenues for students to engage in higher studies or research projects in economics.
- 5. Improved Understanding of Ethical Research Practices:** The workshop also emphasized the importance of ethics in economic research, ensuring students are aware of the responsibility that comes with handling data and conducting studies.

Report:

Report on Guest Lecture on “Workshop on Research methodology”

The key objective of guest lecture is to introduced students about research field and explain how to create platform for own innovation ideas. Research methodology is a structured and scientific approach used to collect, analyze, and interpret quantitative or qualitative data to answer research questions or test hypotheses. A research methodology is like a plan for carrying out research and helps keep researchers on track by limiting the scope of the research. Several aspects must be considered before selecting an appropriate research methodology, such as research limitations and ethical concerns that may affect your research.

The research methodology section in a scientific paper describes the different methodological choices made, such as the data collection and analysis methods, and why these choices were selected. The reasons should explain why the methods chosen are the most appropriate to answer the research question. A good research methodology also helps ensure the reliability and validity of the research findings. There are three types of research methodology—quantitative, qualitative, and mixed-method, which can be chosen based on the research objectives.

What is research methodology?

A research methodology describes the techniques and procedures used to identify and analyse information regarding a specific research topic. It is a process by which researchers design their study so that they can achieve their objectives using the selected research instruments. It includes all the important aspects of research, including research design, data collection methods, data analysis methods, and the overall framework within which the research is conducted.

Types of research methodology

There are three types of research methodology based on the type of research and the data required.

Quantitative research methodology focuses on measuring and testing numerical data. This approach is good for reaching a large number of people in a short amount of time. This type of research helps in testing the causal relationships between variables, making predictions, and generalizing results to wider populations.

Qualitative research methodology examines the opinions, behaviors, and experiences of people. It collects and analyzes words and textual data. This research methodology requires fewer participants but is still more time consuming because the time spent per participant is quite large. This method is used in exploratory research where the research problem being investigated is not clearly defined.

Mixed-method research methodology uses the characteristics of both quantitative and qualitative research methodologies in the same study. This method allows researchers to validate their findings, verify if the results observed using both methods are complementary, and explain any unexpected results obtained from one method by using the other method.

How to choose a research methodology?

Here are some important factors to consider when choosing a research methodology:

- Research objectives, aims, and questions—these would help structure the research design.
- Review existing literature to identify any gaps in knowledge.
- Check the statistical requirements—if data-driven or statistical results are needed then quantitative research is the best. If the research questions can be answered based on people's opinions and perceptions, then qualitative research is most suitable.
- Sample size—sample size can often determine the feasibility of a research methodology. For a large sample, less effort- and time-intensive methods are appropriate.
- Constraints—constraints of time, geography, and resources can help define the appropriate methodology.

How to write a research methodology?

A research methodology should include the following components:^{3,9}

Research design—should be selected based on the research question and the data required. Common research designs include experimental, quasi-experimental, correlational, descriptive, and exploratory.

Research method—this can be quantitative, qualitative, or mixed-method.

Reason for selecting a specific methodology—explain why this methodology is the most suitable to answer your research problem.

Research instruments—explain the research instruments you plan to use, mainly referring to the data collection methods such as interviews, surveys, etc. Here as well, a reason should be mentioned for selecting the particular instrument.

Sampling—this involves selecting a representative subset of the population being studied.

Data collection—involves gathering data using several data collection methods, such as surveys, interviews, etc.

Data analysis—describe the data analysis methods you will use once you've collected the data.

Research limitations—mention any limitations you foresee while conducting your research.

Validity and reliability—validity helps identify the accuracy and truthfulness of the findings; reliability refers to the consistency and stability of the results over time and across different conditions.

Ethical considerations—research should be conducted ethically. The considerations include obtaining consent from participants, maintaining confidentiality, and addressing conflicts of interest.

Detailed Report (Up to 1000 Words):

Report on workshop on Research Methodology

Introduction

A workshop on *Research Methodology* was conducted on November 30, 2024, for MBA students. The session was facilitated by Dr. Sandesh Kedia, an esteemed academician and researcher with extensive expertise in research methodology and data analysis. The workshop aimed to equip students with the foundational knowledge and skills required to conduct effective research, an essential component of their academic and professional pursuits.

The workshop included theoretical explanations, practical demonstrations, and interactive sessions to provide a comprehensive understanding of research processes. Students actively participated and gained insights into how systematic research contributes to evidence-based decision-making in the business environment.

Objectives

1. To familiarize MBA students with the basics of research methodology.
2. To develop a systematic approach for identifying, formulating, and solving research problems.
3. To introduce tools and techniques for data collection, analysis, and interpretation.
4. To enhance students' understanding of the significance of ethical considerations in research.
5. To prepare students for academic projects, dissertations, and industry-related research tasks.

Key Outcomes

1. **Enhanced Research Skills:** Students gained knowledge about various research designs, methods of data collection, and statistical tools.
 2. **Problem-Solving Framework:** Participants learned how to define research problems and frame hypotheses.
 3. **Hands-On Experience:** Practical exercises enabled students to analyze datasets using statistical software such as SPSS and Excel.
 4. **Critical Thinking:** The session emphasized critical analysis of data and interpretation of results, enabling informed decision-making.
 5. **Networking and Interaction:** Students had the opportunity to interact with Dr. Kedia, discussing real-world applications of research in business.
1. **Duration:** The workshop was conducted over three sessions, each lasting two hours, covering theoretical and practical components.

2. **Participants:** A total of 65 MBA students attended, representing various specializations like Marketing, Finance, and HRM.

3. **Methodology:**

- **Session 1:** Fundamentals of Research and Problem Identification.
- **Session 2:** Data Collection Techniques and Sampling Methods.
- **Session 3:** Data Analysis Using SPSS and Research Report Writing.

4. **Feedback:** Over 90% of the participants rated the workshop as "Excellent" in their feedback forms, highlighting its relevance and effectiveness.

Conclusion

The workshop on *Research Methodology* by Dr. Sandesh Kedia was a resounding success, providing MBA students with invaluable insights into the research process. The combination of theoretical foundations and practical applications ensured a well-rounded learning experience. Such initiatives are vital in bridging the gap between academic learning and real-world application, preparing students for academic excellence and professional challenges.
