A REPORT
on

9th State Level Intercollegiate Elocution Competition-2023-24

Date of the Event: 10.10.2023

Inaugural Function: 9.30am

Venue: A V Theatre

Prize Distribution: 5.00pm

No of Beneficiaries: 200

The Department of English under the aegis of Vidya Bharati GEMS the 9th State Level Intercollegiate Elocution Competition was held on **10.10.2023** with the aim to provide a platform to the student fraternity of the various colleges in the state representing different universities in Maharashtra. In fact the events like elocution and debate are day by day declining, losing its relevance in the wake of mobile technology; this competition has been gaining a good and comprehensive response and wide popularity. Since this is a student-centric activity, students play a vital role in its organization. Considering the recognition and response of the students from various parts of Maharashtra the competition has been organized with diligence & utmost care. The first meeting of the members of organizing committee was held in August, 2023, and with the consent of all the date to organize the event got finalised. In order to conduct the function systematically and smoothly, committees were formed and responsibilities were

distributed among the members of the organizing committee. The Brochures were printed well in advance for its in-time circulation. The organizers took special efforts to finalize the topics of the competition so that the most relevant and burning issues in the present context could be chosen for discussion and deliberation. The following topics were decided:

1. Aani Chandra Kavet Aala.
2. Asa Ghadvuya Maharashtra
3. Lokshahich Nityach Hotay Chirharn
4. Manipurat Hatbal Zali Sabala.
5. Berojgari, Magil Eka Dashkachi Kahani.
6. Aamchi Arthavyavस्था: Balkat Ki Bikat

The inauguration was held on 10.10.2023 at 9.30am. Shri. Vikram Sali, **Deputy Commissioner of Police**, Amravati was the Chief Guest, Hon'ble Dr.Mithilesh Rathore Vice- President, VBS Mandal was the Guest of honour. Dr. R. M. Patil, the Convener of the competition and Prof H. K. Sisodiya, the Coordinator of GEMS were present for the inaugural function. Dr. P. S. Yenkar, Principal of the college presided over the function. The inaugural Ceremony was conducted by Dr.Minal Kherde. The competition began immediately after the inauguration. Around 200 students of the college got benefitted by the event. The contestants were informed about the rules and regulations of the competition. They were free to express themselves in 03 languages. There were total 56 participants from Mumbai University, SVP University, Pune, K B.C. North Maharashtra University Jalgaon, SGB Amravati University, Amravati, RSTM University, Nagpur & Gondwana University, Gadchiroli. This daylong lasting competition was adjudicated very meticulously by Dr.Kuldip Mohadikar (English), Dr.Pankaj Wankhade (Marathi) Dr.Sushant Thoke (Hindi). Lunch and accommodation were provided to the participants at the venue itself by the college.

The Valedictory function was held at 5.00 p.m. in which the prizes were distributed to the winners of the competition. Principal Dr. Sanjay Kherde Amravati was the Chief Guest, for the prize distribution ceremony of the competition. Principal Dr.P.S.Yenkar presided over the function.Ms. Mehndi Khatun Shaikh, a student of Hislop College, Nagpur won the First Prize which comprises of a Rolling Trophy, sponsored by Vidya Bharati Mahavidyalaya and a Cash Prize of Rs. 11000/- sponsored by Alumni Association, Vidya Bharati Mahavidyalaya, a certificate and a Memento. The second prize was bagged by Mr.Ritesh Kumar, IGNOU, Nagpur, comprising of a Cash Prize of Rs.7100/- , given in the memory of Late, Smt. Chandrakala S. Bodkhe, a Certificate with memento. The third prize went to Vaishanvi Hagone, Vidhi Mahavidyalaya, Akola, with a Cash Prize of Rs.

3100/- in the memory of Late Smt. Ratnaprabha D. Wakode, with a Certificate and memento. Whereas the Consolation Prize of Rs. 2100/- sponsored in the memory of Late Prof. B.G. Kadu was won by Mr Himanshu Patil, RDIK College, Badnera. Certificates of participation were given away to all the contestants. Dr. R M Patil, the convener of the competition explained the aims and objectives of the competition in opening of the Prize Distribution Ceremony itself. Dr. Monali Ghurde conducted the Prize Distribution Ceremony of the competition. The Function got concluded with the vote of thanks extended by Prof.Namrata Kakpure.

The Feedback forms were distributed among the participants, their feedback got collected and analysed.Their remarks were satisfactory about the organization, management, hospitality, lodging arrangements, etc.

Thus the competition was conducted very successfully. The Department of English and the organizing committee expressed its gratitude towards the Vidya Bharati GEMS for guidance and the teaching and non-teaching staff of the college for their support and co-operation.

आंतरमहाविद्यालयीन वक्तृत्व स्पर्धा

विद्याभास्ती महाविद्यालयात १० ऑक्टोबरला आयोजन

► सकाळ वृत्तसेवा

अय्यरवती, ता. ३ : शाहारातील विद्याभास्ती महाविद्यालयाची वेगवेगळ्या आयोजित राज्यस्तरीय व आंतरमहाविद्यालयीन वक्तृत्व स्पर्धा १० ऑक्टोबरला आयोजित करण्यात आले आहे. अगदी चांगणासून तर चांगल्यापैकी जवळपास १०० स्पर्धक या स्पर्धेत दरवर्षी आपला सहभाग नोंदवीत असतात.

सध्या मोबाईलच्या विळख्यात अडकलेला तरुण अभ्यासक वाचन व चिंतन यापासून दूर जात आहे. चर्चा, गूढचर्चा, परिसंवाद व वादविवाद यासारख्या व्यक्तिमत्त्वाला आकार देणाऱ्या बाबी हळूहळू क्षीण होताना दिसत आहेत. अशा परिस्थितीत तरुणांसाठी वाचते करावे, त्यांनी चिंतन करून राष्ट्रीय व सामाजिक विषयांवर आपली पकड मते मांडत व्यक्त व्हावे, या हेतूने ही स्पर्धा आयोजित केली आहे. या स्पर्धांचा प्रथम पुरस्कार ११ हजार रुपये रोख व पिवटा शबक, द्वितीय पुरस्कार ३१०० रुपये रोख, तिस

रतीय पुरस्कार ३१०० रुपये रोख, तर उत्तमार्थ पुरस्कार २१०० रुपये रोख राहिल.

...आणि चंद्र कवेत आला, असा धडवूया महापण्ड, लोकशाहीन नित्यचं होतंय चौरहरण, मणिपुत्राल हावकल झाली सभला, बैरोजगाही, मागील एका दशकाची कहाणी व आमची अर्धव्यवस्था बळकट की विकट? असे या स्पर्धेचे विषय आहेत.

ही स्पर्धा वरिष्ठ महाविद्यालयीन विद्यार्थ्यांसाठीच आहे. एका महाविद्यालयातून केवळ दोनच स्पर्धक या स्पर्धेत सहभाग नोंदवू शकतात. महाविद्यालयाचे ओळखपत्र व प्राचार्यांच्या सहीचे प्रवेशास्तपत्रातील पत्र अनिवार्य आहे. ही स्पर्धा मराठी, हिंदी व इंग्रजी या भाषांतून घेतली जाईल. प्रत्येक स्पर्धेकाला सहा मिनिटांत स्पर्धेत नमूद केलेल्या कोणत्याही एका विषयावर आपली मते मांडता येतील. या स्पर्धेत विद्यार्थ्यांनी मोठ्या संख्येने सहभागी व्हावे, असे आवाहन स्पर्धा संयोजक डॉ. आर. एम. भटवाल व महाविद्यालयाच्या प्राचार्य डॉ. प्रकाशकर यांनी केले आहे.

1. Name of the Activity – **Workshop on Research Methodologies in Humanities**
2. Collaborating Department /Committee/Agency (If Any) ---- **Department of Marathi**
3. Date / Duration --- **30/09/2023 – One Day**
4. Venue – **E-Classroom**
5. Resource Person (If any) -- **Dr. Nakul D. Gawande**
6. Activity In-charge – **Dr. R. M. Patil & Dr. G. D. Bansod**
7. Objectives of Activity ---

Familiarize Participants with Research Fundamentals: To provide participants with a foundational understanding of research concepts, terminology, and the importance of research in the humanities.

Introduce Diverse Research Approaches: To expose participants to a variety of research methodologies commonly used in humanities, such as archival research, qualitative interviews, content analysis, ethnography, and historical analysis.

Develop Critical Thinking Skills: To enhance participants' critical thinking and analytical skills, enabling them to assess and critique research methods and findings in the field of humanities.

Hands-on Training: To offer practical, hands-on training in research techniques, including data collection, data analysis, and research design, allowing participants to gain experience in applying these methods.

Ethical Research Conduct: To educate participants about ethical considerations in humanities research, including issues related to human subjects, plagiarism, and cultural sensitivity.

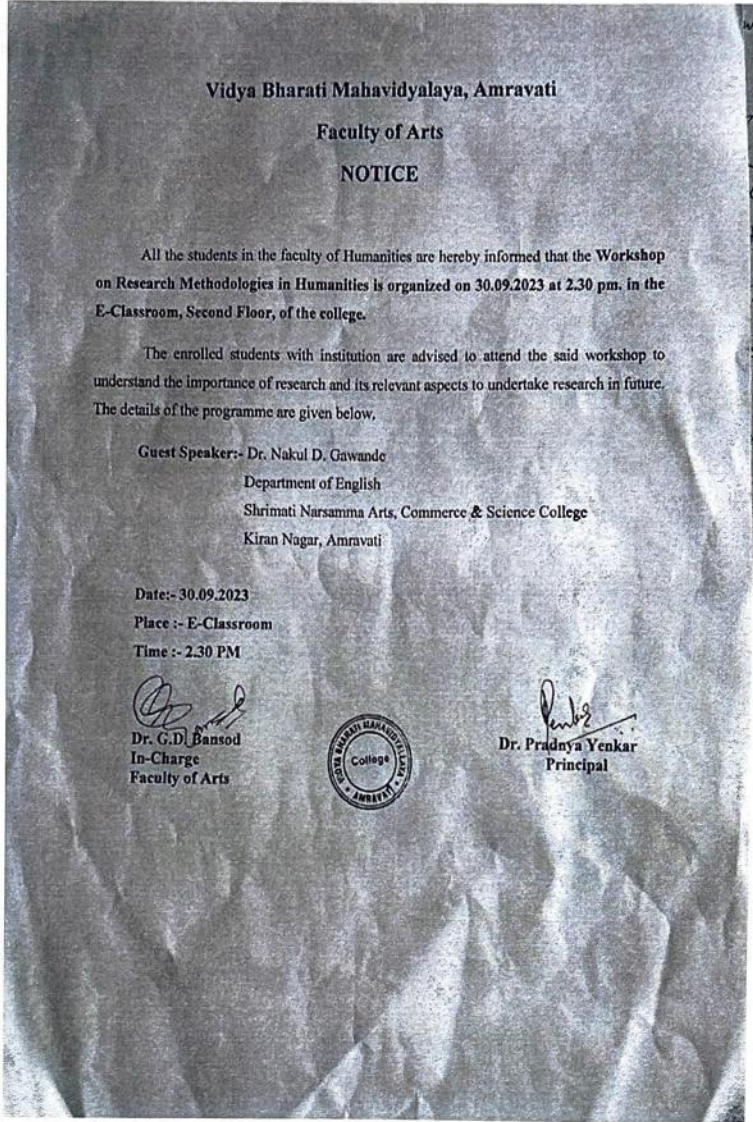

Effective Literature Review: To teach participants how to conduct a comprehensive literature review, identify gaps in existing research, and situate their work within the broader academic context.

Enhance Writing and Presentation Skills: To help participants improve their academic writing and presentation skills, with a focus on crafting research proposals, reports, and academic papers that meet scholarly standards.

Interdisciplinary Engagement: To encourage interdisciplinary thinking by promoting collaboration between participants from different humanities disciplines, fostering the exchange of ideas and methodologies.

Research Project Development: To guide participants in developing their own research projects or proposals, providing them with the tools and knowledge to begin their own research endeavors in the humanities.

WORKSHOP ON RESEARCH METHODOLOGIES IN HUMANITIES

Speaker

Dr. N. D. Gawande

Chairperson

Dr. R. M. Patil

Faculty-in-Charge

Dr. G. D. Bansod

Organized by

Department of English & Marathi

Date - 30.09.2023

12. Detailed Report (Up to 1000 Words):

Vidya Bharati Mahavidyalaya, Amravati
Department of English and Marathi
Report
On
Workshop on Research Methodologies in Humanities

Date: - 30.09.2023

Venue: - E-Classroom

Resource Person: - Dr. Nakul Gawande

No. of beneficiaries:-

The Department of English and Marathi have organized a Workshop on Research Methodology on 30.09.2023 at 3.00 pm in the **E-Classroom** of the college. **Dr. Nakul Gawande**, Department of English of Smt. Narsamma Mahavidyalaya, Amravati was the resource person for the workshop. The aim of the workshop was to provide the students with an understanding of the key principles and practices of research, as well as to equip them with the necessary skills to undertake research in their respective fields.

Content:

The workshop was divided into 05 sessions, each focusing on a different aspect of research methodology. The first session provided an overview of research and its importance in academic and professional contexts. The session also covered the different types of research methods, such as qualitative and quantitative research, and their respective strengths and weaknesses.

The second session focused on research design and the process of formulating research questions. The speaker emphasized the importance of formulating clear and concise research questions that are both feasible and relevant to the research topic. The session also covered various research designs, such as experimental, observational, and survey research.

The third session focused on data collection methods and techniques. The speaker discussed various data collection methods, such as interviews, surveys, and observations, and their respective advantages and disadvantages. The session also covered ethical considerations in data collection, such as informed consent and confidentiality.

The fourth session focused on data analysis techniques. The speaker discussed various techniques for analyzing qualitative and quantitative data, such as content analysis, grounded theory, and statistical analysis. The session also covered the importance of data interpretation and the role of theory in data analysis.

The final session focused on writing research reports and disseminating research findings. The speaker discussed the key elements of a research report, such as the introduction, literature review, methodology, results, and discussion sections. The session also covered various ways of disseminating research findings, such as publishing in academic journals and presenting at conferences.

Conclusion:

Overall, the workshop was a great success, providing students with a comprehensive understanding of research methodology. The workshop equipped students with the necessary skills to undertake research in their respective fields and provided them with the confidence to conduct research independently. The Department of English plans to conduct more workshops on research methodology in future, as it believes that research is an essential part of academic and professional development.

Dr. Nakul Gawande
Department of English
Smt Narsamma College, Amravati

Contact Information:

Address: Department of English
Smt. Narsamma College, Amravati
Phone: 7620115904

Objective:

A dedicated and accomplished Assistant Professor of English with a strong passion for teaching and research in the field of humanities. Seeking to share my expertise and knowledge as a Resource Person for a workshop on Research Methodologies in Humanities.

Education:

- Ph.D. in English Literature
- Master of Arts in English Literature
- Bachelor of Arts in English Literature

Teaching Experience:

- Department of English, Smt Narsamma College, Amravati
- Courses taught: English Literature, Writing and Composition, Literary Analysis
- Supervised numerous undergraduate and postgraduate research projects
- Led departmental workshops on effective teaching and learning strategies
- Courses taught: Modern and Contemporary Literature, Poetry Analysis, Language and Communication

Research Experience:

- Conducted extensive research in the areas of [mention research interests, e.g., 19th-century British literature, postcolonial studies, etc.]
- Published [number of articles or books] in reputable peer-reviewed journals and publications
- Presented research findings at [number of] national and international conferences

Workshop and Training Experience:

- Led workshops on research methodologies in humanities for [mention target audience, e.g., graduate students, faculty, etc.]
- Developed and facilitated interactive sessions on literature review, data collection, and research ethics
- Mentored students in their research projects, resulting in successful research outcomes

Skills:

- Strong command of research methodologies in the humanities
- Excellent communication and presentation skills
- Proficient in using research and data analysis software
- Exceptional writing and publishing skills

Dear Dr. Nakul Gewande,

I trust this letter finds you in good health and high spirits. I am writing to convey my heartfelt appreciation for your exceptional contribution as a Resource Person for our recent Workshop on Research Methodologies in Humanities organised on 30.09.2023

Your extensive knowledge, experience, and expertise in the field of research methodology added immense value to our workshop. Your engaging presentation and insightful discussions were instrumental in making the workshop a resounding success. Participants were not only enlightened by your guidance but also inspired by your passion for research.

Your session on research design, data collection, and analysis techniques was particularly enlightening. The clarity with which you explained complex concepts and your ability to address participants' queries left a lasting impression on all who attended.

Your dedication and expertise have made a significant difference, and we are deeply appreciative of your support.

Warm regards,

Report
On
Workshop on Communication Skills in English

Date: - 04.10.2023

Venue: - E-Classroom

Resource Person: - Dr. Sanjay Reddy

No. of beneficiaries :- 180

The Department of English has organized a workshop on **Communication Skills in English** on 4.10.2023 at 2.30 pm in the **E-Classroom** of the college. **Dr. Sanjay Reddy**, Department of English of Smt. Kesharbai Lahoti Mahavidyalaya, Amravati was the resource person for the workshop. Dr. Reddy, basically an alumnus of the Department of English, was felicitated by the Head and lauded his expertise in the subject.

I. Objectives:

The primary objectives of the workshop were as follows:

- a) To enhance participants' spoken English skills, including pronunciation, fluency, and vocabulary.
- b) To improve participants' written English skills, focusing on grammar, sentence structure, and clarity.
- c) To develop participants' confidence and ability to communicate effectively in various professional and social settings.
- d) To provide practical tips and strategies for overcoming communication barriers and building rapport with others.

II. Workshop Activities:

The workshop was conducted on **04.10.2023** and included the following activities:

- a) Interactive lectures: Participants engaged in interactive sessions led by the resource person who provided theoretical knowledge on effective communication skills.
- b) Group discussions: Participants were divided into smaller groups to discuss various topics and practice their speaking skills.
- c) Role-plays: Participants were given scenarios to act out, allowing them to practice real-life communication situations.

- d) Pronunciation exercises: Trainers conducted activities to help participants improve their pronunciation and accent.
- e) Writing exercises: Participants were given writing tasks to practice their written English skills, with trainers providing feedback and guidance.

III. Outcomes:

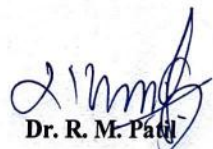

- a) Improved spoken English skills: Participants showed significant improvement in their pronunciation, fluency, and vocabulary usage.
- b) Enhanced written English skills: Participants demonstrated improved grammar, sentence structure, and clarity in their writing.
- c) Increased confidence: Participants reported feeling more confident in their ability to communicate effectively in English.
- d) Overcoming communication barriers: Participants learned strategies to overcome language barriers and build rapport with others.
- e) Networking opportunities: Participants had the chance to network with other professionals, creating potential future collaborations.

IV. Conclusion:

The workshop on communication skills in English proved to be highly beneficial in improving participants' spoken and written English skills, boosting their confidence, and equipping them with strategies to overcome communication barriers. The outcomes highlighted the effectiveness of the workshop's activities and the importance of continued practice and reinforcement.

Dear Dr. Sanjay Reddy,

I hope this letter finds you in good health and high spirits. I am writing to express my heartfelt gratitude for your invaluable contribution as a Resource Person at our recent Workshop on Communication Skills in English (04.10.2023).

Your presence and expertise were instrumental in making the workshop a resounding success. Your insights, knowledge, and engaging presentation style left a lasting impact on all the participants. Your ability to connect with the audience and provide practical guidance on enhancing communication skills in English was truly commendable.

Your willingness to share your time and expertise with our participants is greatly appreciated, and we are truly fortunate to have had you as a part of our workshop. Your commitment to promoting effective communication and your dedication to the advancement of language skills are evident and inspiring.

Once again, thank you for your exceptional contribution to our workshop.

Guest Lecture on

“Industrial Orientation And

skill Empowerment”

Teacher In charge:-

Prof. D. M. Kene

Report:

Report on “Industrial Orientation And skill Empowerment”

In the current job market employers are looking for candidates with industry ready skills. Industry orientation is a first of its kind training program, which equip the students with essential skill set to meet the current industrial challenges. We offer practical training methods to equip the students with latest technologies used in industry.

A Guest lecture on “Industrial Orientation and skill empowerment” was held on 25th September, 2023 at 1:00 pm in T8 classroom for M.sc First and Second year students. All students and faculty members were present to attend the lecture.

The host for the program was Ms. Affifa saudagare of M.Sc II nd year. She welcome all the dignitaries. A heartily floral welcome of Guest Mr. Kushal Dhole done by our respected by HOD Prof. Iqbal Ather sir. After that guest speaker offer complete information about industrial orientation and skill empowerment topics.

How it works?

This program treats every student as a Trainee Engineer and guide them to work as per the current industry standards.

Discovering Industrial Requirements

We interact continuously with Industry and Identify Essential Requirements before commencement of training process. Our experts assess the requirements and restructure the program if required.

Team Building

Organizations believe and run their business with team work so, we encourage students to form as a team. It imparts essential qualities required for a team lead or a member. The team should contain minimum 4 to 5 students. All the individual teams will be assigned team projects to perform a specific task.

Interactive Learning

The theoretical background required to complete their tasks will be provided in the interactive classroom sessions. We welcome all the innovative ideas from the students and provide suitable guidance to complete their tasks on time.

Assessment

We monitor the performance of each individual to assess their capabilities and extend the guidance based on the requirement. Experience certificates will be given to all the trainees who complete the full training schedule.

What is Computer Science?

Computer science is the study of computation and information processing. The area involves both theoretical and practical aspects, including designing, analysing, and implementing algorithms, software, or systems that perform a specific task.

It covers a wide range of topics, including programming languages, data structures, algorithms, computer architecture, operating systems, software engineering, artificial intelligence, machine learning, computer graphics, databases, and web development.

What are Computer Science Skills?

For success in various industries these days, it is essential to possess a powerful set of computer science skills. These abilities and knowledge comprise programming languages, algorithms, data structures, software development methods, and database management. Also, critical thinking, problem-solving, and analytical skills are necessary for creating and executing digital solutions. In a world where technology is important, CS skills are vital. To be successful in the ever-changing world of computer science, one must have a set of skills. From staying up to date with novel developments to mastering techniques for software engineering, data analysis, or IT, a strong foundation in computer science is fundamental to achieving career goals.

Benefits of Computer Science Skills

Having a computer science skills resume is becoming increasingly essential in today's job market as several industries are relying on technology, automation, data analysis, and innovation. A great set of skills needed for computer science engineering can promise you a great position in your organization.

Here are some more benefits of learning computer science skills:

1. Job Opportunities:

Computer science professionals are in high demand across various industries. By learning computer science, you open doors to diverse career paths, including software development, web development, data analysis, cyber security, artificial intelligence, and more.

- **Software Developer/Engineer:** They are the people who design, develop, and maintain software applications or systems using programming languages, tools, and techniques. They are also responsible for creating functional and user-friendly software solutions that meet specific business needs and requirements.
- **Web Developer:** Many computer science experts work in developing web applications and pages. Web developers must have a creative mind and an eye for detail besides the necessary technical know-how. To learn more about web development, you can enroll in a **Web Development course**.
- **Cyber security Analyst:** These are professionals who safeguard computer networks and systems from cyber-attacks by monitoring for security breaches, developing security protocols, and conducting security audits.

2. High-Paying Salaries: Computer science professionals are among the highest-paid professionals in the job market. According to Glass door, the national average salary of a computer scientist is \$120,000 per year.

3. Innovation and Creativity: Computer science provides the tools and knowledge to create new and innovative solutions to problems as it is constantly evolving and this challenges individuals to seek new ideas. Problem-solving is another aspect as it enables programmers and engineers to come up with unique solutions to complex problems.

Computer Science: Technical Skills

If you are a computer enthusiast and are interested in a professional career, you must have certain technical skills to become a proficient computer scientist or professional. Some of the best computer science skills to learn are mentioned below.

1. Computer and Technology Skills

Computer and technology skills include a basic understanding of standard computer hardware, software, operating systems, and networking protocols. Besides them, being familiar with modern-day technologies like digital **marketing**, cyber security, and advanced programming adds significant value to your career. Professionals must stay updated with the latest advancements in technology and be familiar with emerging technologies such as cloud computing and artificial intelligence.

2. Data Analysis

Data analysis is a crucial domain in computer science, particularly in fields such as data science and artificial intelligence. It involves the ability to collect, process, and analyze large amounts of data to extract meaningful insights. Professionals must be familiar with statistical analysis, data modeling, and visualization tools and techniques, as these operations are vital to all businesses. Adding data analytics as a computer science skill in your CV can help you stand out.

3. Programming Languages

Programming skills are one of the most important computer science skills for CSE students. As a computer science enthusiast, there are many programming languages to choose from, each with its own strengths and weaknesses. Learning programming languages is one of the greatest skills in resume for fresher's computer science. Choosing the right one depends on the project's requirements, your knowledge, and personal preferences. These skills in resumes for fresher's in computer science are often preferred. Some popular programming languages include

- **Python:** a general-purpose language used for web development, data analysis, and artificial intelligence/machine learning.
- **Java:** a widely-used language for building desktop and mobile applications, web applications, and games.
- **JavaScript:** a language used for front-end web development and creating interactive user interfaces.
- **C++:** a language used for building software, gaming engines, and operating systems.
- **Ruby** - a language used for web development, especially with the Ruby on Rails framework.
- **Swift:** a language used for iOS and macOS development.
- **PHP:** a language used for web development and server-side scripting.
- **GO:** Go is an open-source language developed by Google. It is designed for creating high-performance, scalable applications with a focus on concurrency and simplicity.
- **C#:** It's a modern object-oriented language developed by Microsoft. It is used to develop Windows applications, games, and web services.
- **C:** C is a low-level programming language. It is used for system programming, embedded systems, and operating systems.

Proficiency in one or more of these programming languages is essential for computer scientists to develop and maintain software applications and systems.

4. Software Development

Software development is the most critical computer science skill for professionals wishing to advance their careers. It involves designing, developing, and testing software applications that meet client's needs while making them convenient for the end-users. Besides development, organizations expect you to be versed in software testing techniques, whether manual or automated. This is why software development and testing as computer science skills can open many opportunities for you.

5. Data Visualization

Data visualization as a computer science skill implies the ability to present complex data in a visually appealing and understandable format. This could be done via various charts, like scatter plots, bar graphs, heat maps, etc. While it may sound a little intimidating, it is rather an interesting area to work on. To advance your data visualization skills, get hands-on experience with tools like Tableau and Power BI and Python libraries like Matplotlib and sea born. This can help you become an effective communicator of ideas, and improve your decision-making abilities.

6. Ethics

Establishing a baseline of trust between users and organizations is crucial, and data ethics plays a significant role in this. The fundamental principles of data ethics include ownership, transparency, consent, privacy, compliance, and openness. As a computer science professional, you are bound to work with data, making it inevitable for you to be well aware of ethics, data privacy and security.

7. Cloud Skills

The provision of on-demand IT and computing services, like database management, analytics, intelligence, networking, etc., is referred to as cloud computing. Professionals with such services must know how to design, deploy, and manage applications and services on cloud platforms, such as Amazon Web Services (AWS), Microsoft Azure, and Google Cloud Platform (GCP). Especially as most companies went digital, especially after the COVID-19 pandemic, so on-demand IT, and software services are experiencing an all-time high. If you have the requisite knowledge and interest in this area, gaining cloud skills could improve your career prospects as it is one of the key skills for computer science students.

8. Technical Writing

Technical writing is one of the most recent technical skills in computer science, as it involves creating clear, concise, and easy-to-understand documentation. Technical writers are responsible for creating manuals, user guides, tutorials, and much more while working closely with developers and engineers to understand the technical aspects. Evidently, this understanding must be conveyed in the most-comprehensible form so that end-users do not get confused.

9. Mathematics

Mathematics is the backbone of computer science. This is why it is essential to have a strong foundation in mathematics as basic knowledge for computer science students. Computer science professionals need mathematical principles to develop algorithms, create computer simulations, and solve complex problems. Some of the fundamental mathematical concepts that are essential for computer science include linear algebra, calculus, statistics, and discrete mathematics. You can learn more about technical skills

How to Develop Computer Science Skills?

1. Continue your Computer Science Education

Consider taking online classes, earning a certification, or pursuing a degree to advance your computer science knowledge and keep current with market trends. These courses include flexible scheduling, self-paced instruction, and professional insights. Maintaining your competitive edge in the quickly changing tech business can be done by furthering your education. Also, you will get to learn technical skills for computer science as a student if you pursue your education.

2. Take courses and attend workshops

There are many [online courses](#) and workshops available that cover a wide range of computer science topics. For starters, you can enroll in [Knowledge Hut's Web Designing and Development course online](#). You can also be a part of workshops and seminars to explore other areas like application development, software development, etc.

3. Participate in coding challenges

As coding is imperative to computer science, coding challenges are a fun and engaging way to improve your skills. These challenges typically involve solving a series of programming problems. They can help you develop critical thinking skills and improve your coding abilities.

4. Learn to Apply Theories

Learning to apply theories is an important aspect of improving your computer science skills. You must use coding methods and programming languages in real-world contexts if you want to succeed in computer science. You can make a thorough understanding of technology and problem-solving through the study of ideas like algorithms, data structures, and computer architecture. This information is useful to innovate, develop software, and improve systems. Making use of theory enhances critical thinking, which results in wise decisions. You become a well-rounded professional who can contribute to your industry when you combine theory with practice.

5. Go for Certifications

Obtaining various certifications is one of the ways to improve your computer science skills and show your knowledge and expertise to recruiters. Microsoft, Cisco, Oracle, and Comp TIA offer certifications for programming languages, software platforms, and IT technologies. They can make you stand out in a crowded job market and offer structured learning, practical testing, and other benefits. You can improve your employment chances and gain an advantage in the computer business by obtaining certifications and opting for a **Full-stack Developer course**.

6. Determine Which Skills You Want to Improve.

Determining which skills you want to improve is an important step in enhancing your CS skills. Determine your strengths and limitations, pinpoint the abilities that are essential to achieving your career goals, and establish a particular strategy for learning and growth in order to select the appropriate emphasis within the large field of expertise. For instance, boost your coding skills for software development, and master new tools for data visualization or statistical analysis for data science. Also, there are two major types of skills, technical skills in computer science and hard skills in computer science; you must know them before determining which to learn.

7. Join a community or forum

There are numerous online communities like Kaggle and GitHub. These communities often provide opportunities for networking, collaborating, and learning advanced skills. You can explore and be a part of such a community to learn the skills required for computer science engineering.

INVITATION LETTER

To,
Mr. kushal Dhole
imagine Script Solutions pvt.Ltd.
Amravati.

Subject: Invitation as a Speaker for Seminar on "Industrial Orientation and skill empowerment".

Dear Sir,

On behalf of Department of Computer Science, Vidya Bharati Mahavidyalaya, Amravati,
We are very pleased to have the honour of inviting you as a speaker for the seminar on
"Industrial Orientation and skill empowerment". The Event is scheduled on Monday 25th
Sept 2023 at 1:00 pm in T8 Class Room, Third Floor, Main Building.

We look forward to a Positive Confirmation, an honour for us Indeed.

Principal
Vidya Bharati Mahavidyalaya,
Amravati.

Report on

Guest Lecture on

**“Role and Contribution of Youth For Corruption Free
Society”**

Teacher In charge:-

Prof. Dipika Harode

Report on
Guest Lecture on
“Role and Contribution of Youth for Corruption Free Society”

Anti Corruption Bureau, Maharashtra is an agency of [Government of Maharashtra](#) constituted to investigate offences of bribery and corruption falling within the purview of [Prevention of Corruption Act, 1988](#) in the state of [Maharashtra](#).^[1]

Observance of Vigilance Awareness Week every year during the last week of October is taken up to encourage all stakeholders to collectively participate in the prevention of, and the fight against corruption and to raise public awareness regarding the existence, causes and gravity of and the threat posed by corruption.

The 2023 **Vigilance Awareness Week** is being observed from 30 October to 5 November, 2023 with the theme "**Say no to corruption; commit to the Nation**".

Under the **Vigilance awareness week** Department of Computer Science ,Vidyabharati Mahavidyalaya organizes a guest lecture on topic ” Role and Contribution of youth for Curruption free society”

The program was organized **on 2nd November 2023 at AV hall,Third floor,main building**, Vidyabharati mahavidyalaya Amravati. Program started at 12:30pm Anchoring of program was done by **Prof.Dipika Harode**.Welcome of guests was done by offering them saplings and Momento. Later than short introduction of chiefguest and other guests was given.

Students were addressed by guest speaker **Mr Satishji Umre sir,Police Inspector Anti Curruption bureu Amravati**. He guided students and tell them that they can visit any officer and take their guidance also he explain what is students role for making corruption free society.

Students were addressed by Guest speaker **Shilpa Bharde madam,Police Inspector,ACB Amravati** she suggested students to keep positive attitude in their life and also explain very well that how ACB actually works it was quite interesting session for students.

Then after Programs **chief guest Mr.Milindkumar Bahakar Deputy Superintendent of Police Anti Curruption bureu ,Amravati** guided students and tell them they should raise their hands against corruption and should take initiative to make society corruption free .

Finally students were addressed by the **chairperson Principal Dr.P.S.Yenkar madam** .Vote of thanks was delivered by **Prof.Kavita Yadav madam** .By offering gratitude with chairpersons permission she declared that the program is over.

All the three guests have their unique identity.The DSP Milindkumar Bahakar sir was elected as PSI in year 2005 through Mpsc then he worked at various places such as Nagpur,Akola,Amravati rural,Yeotmal and Beed in ATS.

Guest speaker Police inspector Satish Umre sir was elected as PSI through MPSC in 2010,from 2011 to 2014 he worked in Gadchiroli district then from 2014 to 2021 worked in different police stations in Pune city.From September 2021 up to now he is working in Amravati ACB.

Another guest speaker Police Inspector Shilpa Bharde madam was also elected as PSI through MPSC in 2010 .She worked in different police stations Wardha district from 2011 to 2014.From 2014 to August 2021 she worked in different police stations Amravati,then after she joined Chandrapur city and currently working as Police Inspector,ACB,Amravati.

12. Detailed Report (Up to 1000 Words):

Vidya Bharati Mahavidyalaya, Amravati
Pratibha Women's Studies Centre
A Report on
Workshop on "Yogmudra for Stress Management"

Yogamudra represents the symbol of Yoga. The word mudra means seal, gesture, or finger posture. With the practice of yoga mudra, we are trying to harness the energy in our hands and to couple it with intention and conscious action. In simple terms, yoga mudras promote the flow of energy within the subtle body and support the journey within. The principle of mudras is that the transfer of energy takes place from a higher level to a lower level.

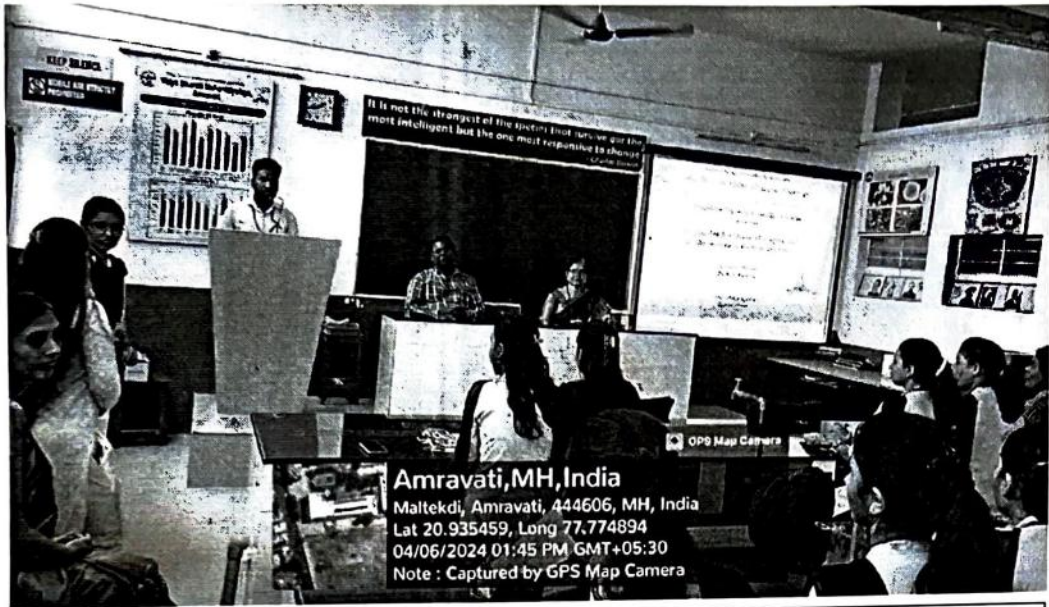

World Health Day is celebrated on 7th April 2024 all over the world to raise awareness about pressing health issues, promote healthy

lifestyles, and advocate for universal access to quality healthcare. The theme for World Health Day 2024 was 'My health, my right'.

Pratibha Women's Studies Centre organized a Workshop on "Yogmudra for Stress Management" on 6th April to 2024 to celebrate World Health Day. The workshop was aimed to reduce anxiety and stress of students and to raise their confidence by providing them techniques of Yogmudra and also encourage them to integrate yogmugra practices into their daily routines. The workshop was chaired by Hon'ble Principal Dr. P. S. Yenkar and Dr. V. V. Parhate, Yoga Instructor and Former Head, Department of Chemistry was present as a resource person for the workshop.

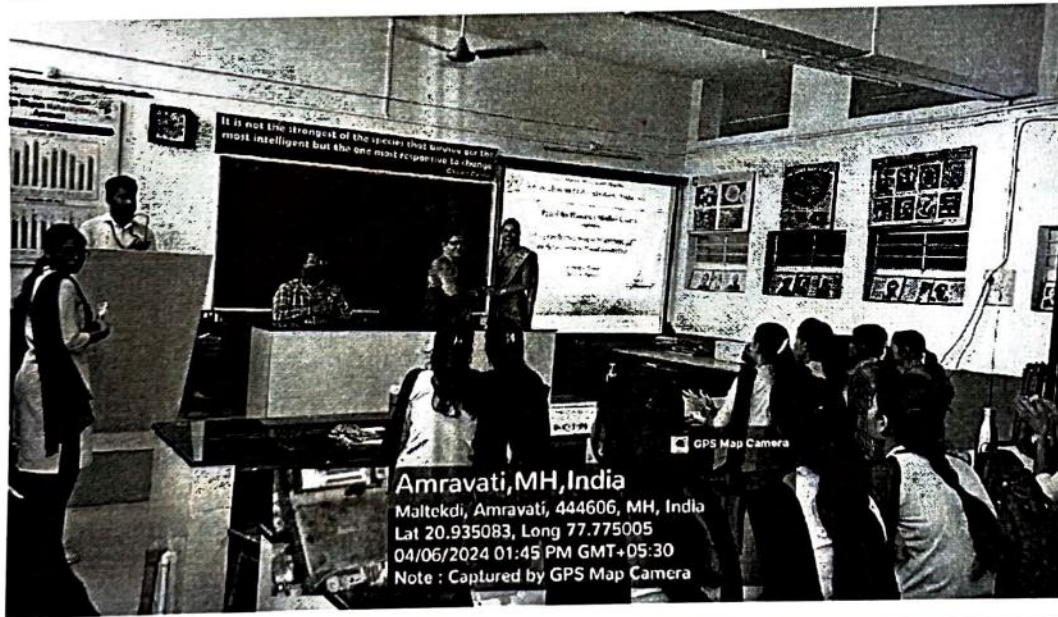

The workshop started with the warm welcome of guests by offering them floral bouquet. The whole event was hosted by Mr. Ayush Zade (B.Sc. III). He requested the resource person to start the session. Dr. V. V. Parthate firstly described importance of Yogmudras to all the students. She said that human body is made up of five elements i.e. Agni, Vayu, Akash, Pruthvi, Jal and our five fingers represents these five elements. The yoga mudras are hand gesture yoga exercises that aim to bring back the basic balance by guiding the flow of life energy within the body. Depending upon the elements to be balanced, specific yoga mudras are practised. Then she asked students to practice different Yogmudras with her. She taught different Yogmudras to the students such as Dhyana Mudra, Hakini Mudra, Shankh Mudra, Apan Mudra, etc. and also informed about benefits of it. Students practiced Yogmudras with the resource person and felt relaxed and calm. They also asked some questions to Dr. V. V. Parhate and she answered it satisfying them. The event was concluded with the vote of thanks given by Ms. Janvi Waghmare (B.Sc. III). Participants were very happy and satisfied.

12. Detailed Report (Up to 1000 Words):

Vidya Bharati Mahavidyalaya, Amravati

Pratibha Women's Studies Centre

Guest Lecture on topic "Role of Girls in Nation Building"

Date: 29th Aug 2023

Pratibha Women's Studies Centre organized a Guest Lecture on topic 'Role of Girls in Nation Building' in collaboration with Vishwamangalya Chhatra Sabha on 29th August 2023 at smart classroom. The guest lecture was organized for girl students in college with the aim of inspiring girls to recognize their potential, encouraging them and make them aware about their responsibilities in Nation Building. Hon'ble Principal Dr. P. S. Yenkar chaired the event and Hon'ble Dr. M. M. Rathor, Wise President of Vidya Bharati Shaikshanik Mandal was invited as a chief guest. Members of

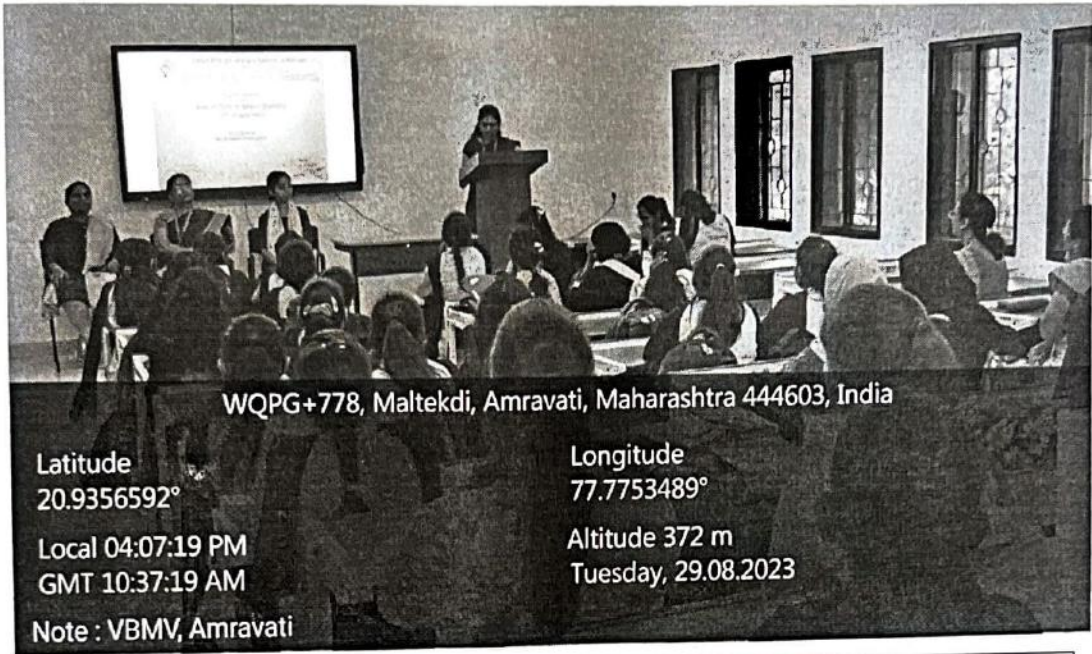

Vishwamangalya Chhatra Sabha Ms. Gunakshi Dhanegaokar and Ms. Bhakti Bhake were also present on the dias. Ms. Gunakshi Dhanegaokar was present as a guest speaker.

Ms. Namrata N. Kakpure, Convener of Pratibha Women's Studies Centre hosted the event. It started with the warm welcome of guest by offering bouquet. After that, Dr. M. M. Kherde delivered an introductory speech in which she mentioned the activities taken by Pratibha Women's Studies Centre every year. Then Ms. Gunakshi Dhanegaokar delivered the guest lecture in which she told meaning of word Bharat and given information about Indian Culture and Indian Knowledge System. She said, "Youth is the true strength of our Nation and development of our nation depends on the youth".

After the wonderful, inspiring and insightful lecture, Hon'ble Principal Dr. P. S. Yenkar given presidential speech in which she addressed girls to develop their own personalities and then only our country will be developed.

At the end, Ms. N. N. Kakpure proposed the vote of thanks. She thanked everyone for their contribution for the success of event. Around 71 girl students and teachers attended the program. All the participants were very happy and satisfied.

'रोल ऑफ गर्ल्स इन नेशन बिल्डिंग' वर व्याख्यान

विद्याभारती महाविद्यालयाचा उपक्रम

पुण्य नगरी / प्रतिनिधी

अमरावती : विद्याभारती महाविद्यालयात प्रतिभा वुमेन्स स्टडीज सेंटरच्या अंतर्गत विश्वमांगल्य छात्र सभा यांच्या सहयोगाने नुकताच 'रोल ऑफ गर्ल्स इन नेशन बिल्डिंग' या विषयावर व्याख्यान पार पडले. व्याख्यानाकरिता महाविद्यालयाच्या प्राचार्या डॉ. पी. एस. येनकर या कार्यक्रमाच्या अध्यक्ष म्हणून उपस्थित होत्या. तसेच विश्वमांगल्य छात्रसभेच्या सदस्या भक्ती भाके व गुणाक्षी घणेगावकर या कार्यक्रमाकरिता उपस्थित होत्या. भारतातील प्रत्येक युवती व

विद्यार्थ्यांमध्ये नीती, मूल्य, सिद्धांत, संस्कार, संस्कृतीचा विचार व क्षमता निर्माण व्हावी हा या विश्वमांगल्य छात्र सभेचा उद्देश आहे. गुणाक्षी घणेगावकर यांनी विद्यार्थिनींना भारत व भारतीय संस्कृतीचे महत्त्व पटवून दिले. प्राचार्य डॉ. पी. एस. येनकर यांनी विद्यार्थिनींना स्वतःच्या व्यक्तिमत्त्वाचा विकास केला, तर देशाचाही विकास होईल, असे

सांगितले. कार्यक्रमाचे संचालन व आभार प्रतिभा वुमेन्स स्टडीज सेंटरच्या संचालिका प्रा. नम्रता काकपुरे, प्रास्ताविक डॉ. मीनल खेरडे यांनी केले. कार्यक्रमासाठी महाविद्यालयाच्या डॉ. आर. जे. गजबे, डॉ. मीनल खेरडे, डॉ. रंगाचार्य, डॉ. राजळकर यांनी परिश्रम घेतले.

18. Outcome of Activity-

1. The lecture served as source of motivation for girls. Girls feel empowered and motivated to take on leadership roles.
2. Girls became more actively involved in community initiatives, educational programs, etc.

Poster Competition

To mark International Girl Child Day

On the Occasion of International Girl Child Day, Pratibha Women's Studies Centre organized a "Poster Competition to mark International Girl Child Day" on 11th October, 2023. The aim of activity was to provide platform to students to showcase their creativity and to convey important messages about the rights, needs, and potential of girl children to the wider audience through the posters created.

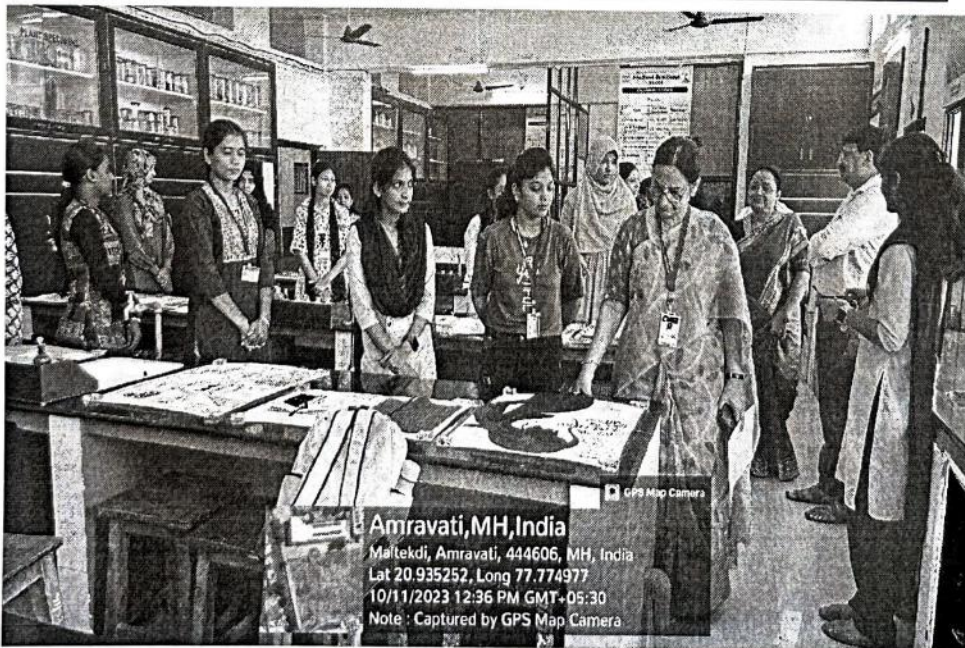

The competition guidelines were circulated through social media platform and through notice including google form link which was created

for registration of participants. Participants were required to submit their entries before 10th October 2023 adhering to the theme and technical specifications outlined by the organizers. Participants were given wide range of topics such as Importance of Girls in today's Social System, Child Marriage, Girl Child Welfare, Importance of Educating Girls, Save Girl Child Save Your Future and Impact of Social Media on girls, etc. Participants demonstrated creativity, passion, and a deep understanding of the issues affecting girls globally through their posters submitted. Submitted posters were displayed at Department of Botany on 11th October 2024 and participants were informed to remain present for inauguration ceremony of the competition at 12:00 pm. Hon'ble Dr. M. M. Rathore Wise President, Vidya Bharati Shaikshanik Mandal, Amravati were present as a cheif guest of the event and she inaugurated the competition by cutting ribbon. She visited all the posters and appreciated the creativity and thoughts of the participants. Students and teachers of various departments also visited the exhibition. Dr. Y. D. Akhare, Head, Department of Zoology, Prof. S. B. Sarvaiyya, Assistant Professor and Dr. Amit Ingole, Assistant Professor were present as Judges. The panel of judges started judging posters. Judging criteria included creativity, relevance to the theme, message clarity, and Drawing. Each entry was meticulously reviewed, and scores were assigned based on the judges' assessments. The judging process ensured fairness, transparency, and impartiality in selecting the winning entries. Judges announced three winners and one consolation prize. First, second and third prize won by Ms. Prachi Raut, Ms. Poonam Jadhav and Ms. Syeda Afeera respectively. Ms. Ankita Chambatkar was given the consolation prize. All the participants were appreciated by giving certificate of participation.

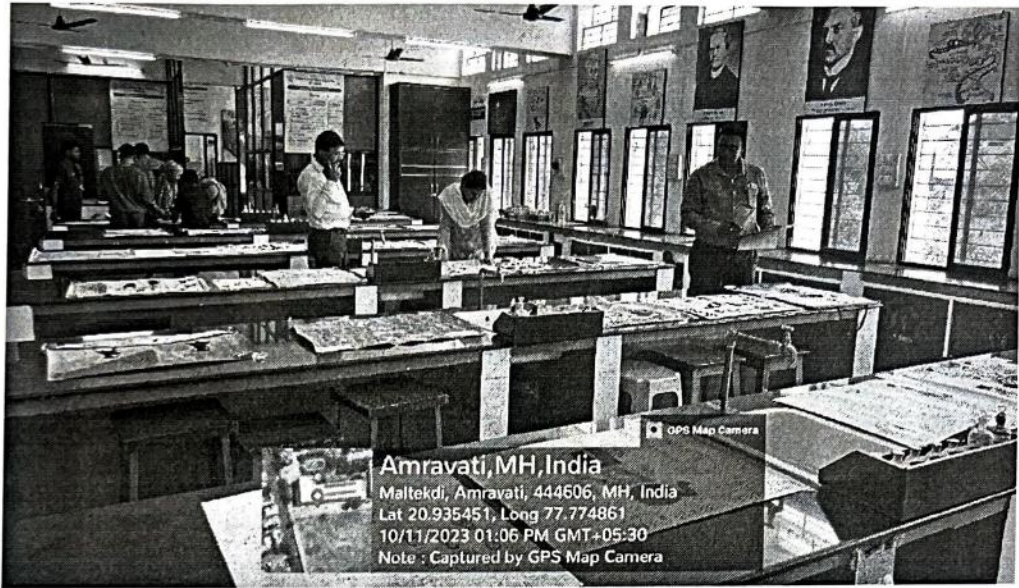

13.Photo's: (All photos must be clear and Geotagged and in JPEG format (with captions), **two stage photos, two audience photos & four activities photos**)

विद्याभारती महाविद्यालयात बालिकादिनानिमित्त पोस्टर स्पर्धा

पुण्य नगरी / प्रतिनिधी

अमरावती : विद्याभारती महाविद्यालयात प्रतिभा चुमेन्स स्टडिज सेंटर अंतर्गत बुधवार, ११ ऑक्टोबर रोजी आंतरराष्ट्रीय बालिकादिनानिमित्त पोस्टर स्पर्धेचे आयोजन करण्यात आले होते. विद्यार्थ्यांच्या सुप्त गुणांना वाच मिळवा व आजच्या युगातील स्त्री व बालिका यांच्या विविध समस्या, त्यासाठीची धोरणे व त्यांचे महत्त्व विद्यार्थ्यांना कळवे, या उद्देशाने ही स्पर्धा घेण्यात आली.

स्पर्धेकरिता विद्यार्थ्यांना महिला व बालिकांचे जीवन व समस्या यावर आधारित विविध विषय देण्यात आलेले होते. महाविद्यालयातील विद्यार्थ्यांनी त्यातील विषय निवडून व आपल्या कल्पना वापरून अतिशय सुंदर पोस्टर्स बनविले. स्पर्धकांनी बनविलेले सर्व पोस्टर्स विद्याभारती महाविद्यालयातील वनस्पतीशास्त्र विभागात प्रदर्शित करण्यात आले.

या प्रदर्शनाचे उद्घाटन विद्याभारती शैक्षणिक मंडळाचे उपाध्यक्ष कॅप्टन डॉ. एम. एम. राठोर यांच्या हस्ते करण्यात आले. डॉ. वाय. डी. आखरे, प्रा. अमित इंगोले व प्रा. शिल्पा सर्वेच्या यांनी स्पर्धेचे परीक्षण केले. या स्पर्धेत प्रथम क्रमांक प्राची राऊत, द्वितीय पुनम जाधव व तृतीय क्रमांक सयेदा अफिरा हिने पटकाविला. तर अंकिता चांबटकर हिला उत्तेजनार्थ बक्षीस देण्यात आले. स्पर्धेचे संचालन प्रा. नम्रता काकपुरे व आभार प्रदर्शन प्रा. काजल आपले यांनी केले.

स्पर्धेच्या यशस्वीतेकरिता प्राचार्य डॉ. पी. एस. येनकर, प्रा. नम्रता काकपुरे, डॉ. आर. जे. गजबे, डॉ. मोनल खेरडे, डॉ. रंगाचार्य यांनी सहकार्य केले.

18. Outcome of Activity-

1. The competition served as a platform to raise awareness about the issues faced by girls globally, such as gender inequality, access to education, child marriage, and gender-based violence.
2. Participants got chance to share their thoughts, ideas, and messages creatively through their poster designs.

12. Detailed Report (Up to 1000 Words):

Vidya Bharati Mahavidyalaya, Amravati

Pratibha Women's Studies Centre

Workshop on 'JivanachyaUmbarthyavar'

Date: 27th February 2024

Pratibha Women's Studies Centre in collaboration with Municipal Corporation, Ministry of Women and Child development, Amravati organized one day workshop on "JivanachyaUmbarthyavar" on date 27th February, 2024 at 2:30 pm. The workshop was aimed to aware girl students about women's rights, laws and policies, Cyber Security and Adolescent Health Education.

Hon'ble Dr. P. S. Yenkar, Principal, Vidya Bharati Mahavidyalaya, Amravati chaired the workshop. Dr. Prnajal Sharma, Gynecologist and Dr. Varsha Deshmukh, Principal, Dr. Panjabrao Deshmukh College of Law, Amravati were invited as a guest speakers for the workshop. Assistant Commissioner and Women and Child Development Officer, Mr. Narendrajji Wankhade was also present as a guest. Ms. N. N. Kakpure, Convener, Pratibha Women's Studies Centre hosted the event. The workshop started with lamp lightning and by offering garland to the photo of SavitribaiFule. The guests were welcomed by offering saplings.

Introductory speech was given by Mr. Narendrajji Wankhade. The first session was of legal advice which was given by Dr. Varsha Deshmukhi. She guided girls about women's rights, laws and cyber security, etc. She shared many of incidents faced by girls.

The second session was about adolescent health education by Dr. Pranjal Sharma. She made aware students about diet plan, career and goals

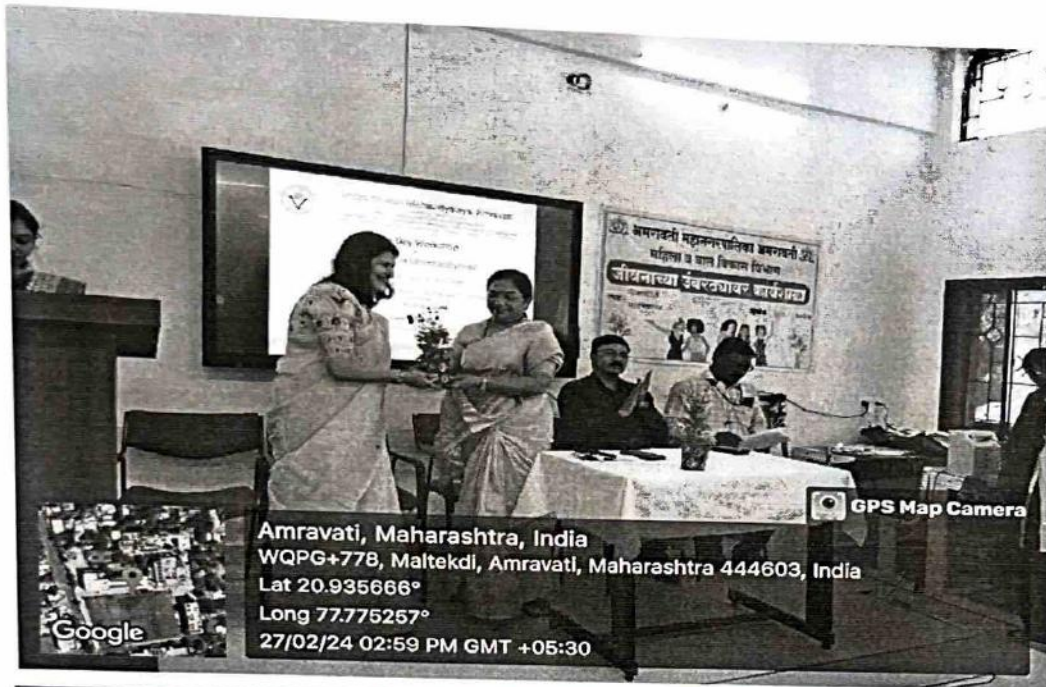

of life and she also addressed students about healthy diet, sexual health, mental health, maintaining haemoglobin level, women's diseases and prevention.

Lastly, Hon'ble Principal Dr. P.S. Yenkar gave presidential speech. She addressed girls to be active and healthy and focus on studies and career. At the end, Ms. N. N. Kakpure concluded the workshop with vote of thanks. Member of Municipal Corporation Mr. Digambar Tayade also thanked everyone who worked for the success of workshop. Both the sessions were very interesting and informative. Around 60 girls were present and all the girls and teachers were satisfied with the workshop.

12. Detailed Report (Up to 1000 Words):

Vidya Bharati Mahavidyalaya, Amravati
Pratibha Women's Studies Centre
A Report on
Free Rubella Vaccination Camp

Pratibha Women's Studies Centre in collaboration with Rotary Club of Ambika, Amravati and Obstetrics & Gynecological Society, Amravati organized "Free Rubella Vaccination Camp" on date 2nd April 2024 to mark International Women's Day. The aim of organizing the camp was to raise awareness about the importance of vaccination and public health initiatives and to make vaccines available free at college for students.

The camp was started at 9:30 am as the team of Doctors Arrived at A.V. theatre, MBA building. Firstly girls were informed to register using goggle form and to bring consent form signed by their parents. Those girls who brought consent form only those were allowed to get vaccinated. The formal inauguration of the camp was held at 11:00 am. Hon'ble Dr. P. S. yekar, Principal of Vidya Bharati Mahavidyalaya, Amravati chaired the event. Hon'ble Dr. M. M. Rathore, Wise President, Vidya Bharati Shaikshanik Mandal, Dr. Monali Dhole, President, Mrs. Kirti Bodkhe, Secretary, Dr. P. S. Bodkhe, Board of Director, Rotary Club of Ambika, Amravati. Dr. Pranjal Sharma, President, Dr. Anjali Deshmukh, Secretary and Members of Obstetrics & Gynecological Society, Amravati, Dr. Lalita Lokhande, Dr. Aarti Murke, Dr. Ankita Khode, Dr. Meenal Deshmukh and Dr. Sumedha Pandharikar were present on the occasion. Dr. Purnima Ughade, Medical officer, District Government General Hospital, Amravati and her team was also present. All the guests were felicitated by offering

saplings and memento. Dr. Pranjal Sharma guided students about Rubella Vaccination. She said

After that Hon'ble Principal appreciated those girls were present for getting vaccination and said that we always organize different events for the welfare of students. Total 90 girls got vaccinated in the camp. Dr. Pranjal Sharma also answered the questions asked by some girls related to their Gynecological health.

The formal inauguration of camp was hosted by Ms. N. N. Kakpure, Convener, Pratibha Women's Studies Centre. Vote of thanks was given by Dr. R. J. Gajbe, Member, Pratibha Women's Studies Centre. Dr. D. S. Rangacharya, Dr. D. S. Wankhade, Ms. Pallavi Patil and students worked for the successful organization of camp.

“Python Introduction”

Teacher In charge:-

Prof. Shilpa Sarvaiya

Report on

Workshop on

“Python introduction”

The goal of organizing Workshop on Python introduction is to learn basics of Python. More than just a Python guide for beginners, The Python Workshop takes students through the full spectrum of basic to advanced topics, equipping them with the skills they need to get started with data science and more. Filled with practical step-by-step examples and interactive exercises.

Python has become one of the most popular programming languages in recent years. It's been used in everything from machine learning to building websites and software testing. Developers and non-developers alike find it useful.

Python is commonly used for developing websites and software, task automation, data analysis, and data visualization. It has been adopted by many non-programmers, such as accountants and scientists, for a variety of everyday tasks such as organizing finances. Many of these stakeholders are important data users, but lack adequate knowledge of Python programming.

A Workshop on “**Python Introduction**” was held on 10th August 2023 at 2:00 pm in class T8, Third Floor Main Building for M.Sc.Ist and M.Sc.IInd year students. All students and Faculty members were present to attend the Workshop.

The host for the program was **Ms. Nikita Dhande** of MSc II year. She welcomed all the dignitaries. A heartily floral welcome of Guest **Mr. Kushal Dhole Sir** was done by our respected HOD Prof Ather Iqbal sir and floral welcome of **Prof. Iqbal Ather Sir** was done by Prof. Kene sir. After guest welcome introduction of guest is done by **Ms. Nikita Dhande**. Later on the guest speaker Mr. Kushal Dhole sir was called to start his session.

The workshop was conducted by **Mr. Kushal Dhole, Imagine Script Solutions pvt, Amravati**. Mr. Kushal Dhole tells students that Python commands and syntax are relatively simple in comparison to other programming languages. Any student can write lines of code in far fewer steps than other programming languages due to its user-friendly design. Python is thus the most appealing language for any one, even if they have no prior coding experience.

Mr. Kushal Dhole sir, Director at ImagineScript Solutions Pvt. Ltd. Having 5+ year experience in Web Programming. Design Developed and Deploy Premium product of ImagineScript i.e PathoTrack.in (A Cloud Based ERP for Pathology Labs and Diagnostic Lab). **PathoTrack are currently installed and configured with 12+ Pathology Lab and Diagnostic Center in Vidarbha Region.**

Project management, systems designer, and developer on a variety of creative Web Applications and fields including Cloud based Accounting Applications, Dynamic Websites, CMS, Responsive layouts, E commerce. Effective time management and organizational skills; multitasking and plan ahead to meet

deadlines. Effective Analysis and Requirement gathering Skills, Understanding client needs and transfer their need into a quality web solutions.

His vast knowledge and experience was reflected in his lecture. The session was very interactive and students participated enthusiastically. At last vote of thanks was expressed by **Miss. Sidra** from MSc II year and with the due permission she concluded the program.

Report on

Guest Lecture on

“SalesForce(CRM Tool Cloud)”

Salesforce is an online solution for any organization in need of a customer relationship management or CRM. It provides each department such as marketing, sales, commerce, and service a shared view of your organization's customers with one integrated CRM platform. Over 150,000 companies, both big and small, are growing their business with Salesforce. Salesforce began as a CRM but soon transformed into a highly customizable tool integral to many business processes. Because smooth Salesforce integration is instrumental to business operations, organizations need a reliable and flexible test automation tool for Salesforce.

Objective of Salesforce to provide value to a business by automating complex business processes, creating reports & dashboards, and training users on using Salesforce. A Salesforce Admins are the ones that an organization depends on to help them monitor their successes and customer relationships on the Salesforce CRM platform.

This program introduces students to Salesforce, the industry-leading customer relationship management system. That include data model and navigation; setting up company profiles, user interface, and security. Students will create customized records, manage data, run reports, navigate system apps and other applications including personalizing the program to suit various business needs.

This program covers how to create applications using the Salesforce platform services and tools. Such as designing and managing data models, configuring application security, designing user interfaces and customizing the application for mobile user and Lightning users. It also focuses on VisualForce to develop custom applications that make use of the Model-View-Controller paradigm by coding in Apex, using Lightning Components and the Salesforce Object Query Language (SOQL).

In addition to the fact that Salesforce certifications are globally recognized credentials, there are several career benefits to getting certified, as given

- Salesforce skills are in demand across a variety of industries.
- A Salesforce certification keeps skill set up to date.
- Student can enhance their job performance.
- There is potential to earn a competitive salary.

A Guest Lecture on “SalesForce(CRM Tool Cloud)” was held on 24th Aug 2023 at 12 noon in AV Theatre, Third Floor Main Building for students of B.Sc. and M.Sc. both. Various Students and Faculty members were present to attend the lecture.

The host for the program is Ms. Snehal Ghode of BSc II year. She welcomed all the dignitaries. A heartily floral welcome of Guest Mr. Ashish Prajapati Sir was done by our respected head of department Prof. Ather Iqbal Sir. After guest welcome introduction of guest is done by Ms. Snehal Ghode. Later on the guest speaker Mr. Ashish Prajapati was called to start his session.

The lecture was delivered by **Mr. Ashish Prajapati Founder/Project Manager, Smart Learn Education**. The lecture enabled the students to acquire knowledge about recruitment training program, automation tools and understand the requirements for getting jobs in core sectors. He spoke about the importance of computer science in various fields. The speaker motivated the students to do internship in the MNC's.

The guest speaker has more than 6 years of experience in IT industry. During his 6 years in IT industry he worked with many reputed organizations and his vast knowledge and experience was reflected in his lecture. The speaker also shared her industry experiences about software engineering faced by his team and what measure they took to identify and remove that risk. The session was very interactive and students participated enthusiastically.

Salesforce software is customizable to meet the needs of many types of businesses. There are many employers across a variety of industries looking for candidates with Salesforce skills. Industries hiring Salesforce professionals include consulting, auditing and tax services, IT management, career support services, athletic manufacturing, and more.

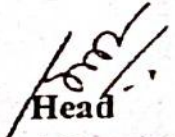

Students can build skills through regular use of Salesforce's tools, getting Salesforce certified and maintaining certification means their skills reflect the latest updates to the tool. In addition, preparing for a certifying exam can help to structure learning process so that one can cover all areas of the software's functionality for their desired role. Just as getting Salesforce certified can help students to find employment, getting a certification. Students may be able to earn a salary that is competitive in today's marketplace.

LETTER OF THANKS

To,

MR. Ashish Prajapati
Founder/Project Manager
(Smart Learn)

Dear Sir/Madam,

We express our sincere thanks to your good self for sparing your valuable time and warm support as a Speaker for the guest lecture on "Sales-Force (CRM Tool Cloud)". The Event is scheduled on Saturday 26th Aug 2023 at 12.00 noon A. V. Theatre, Third Floor, Main Building

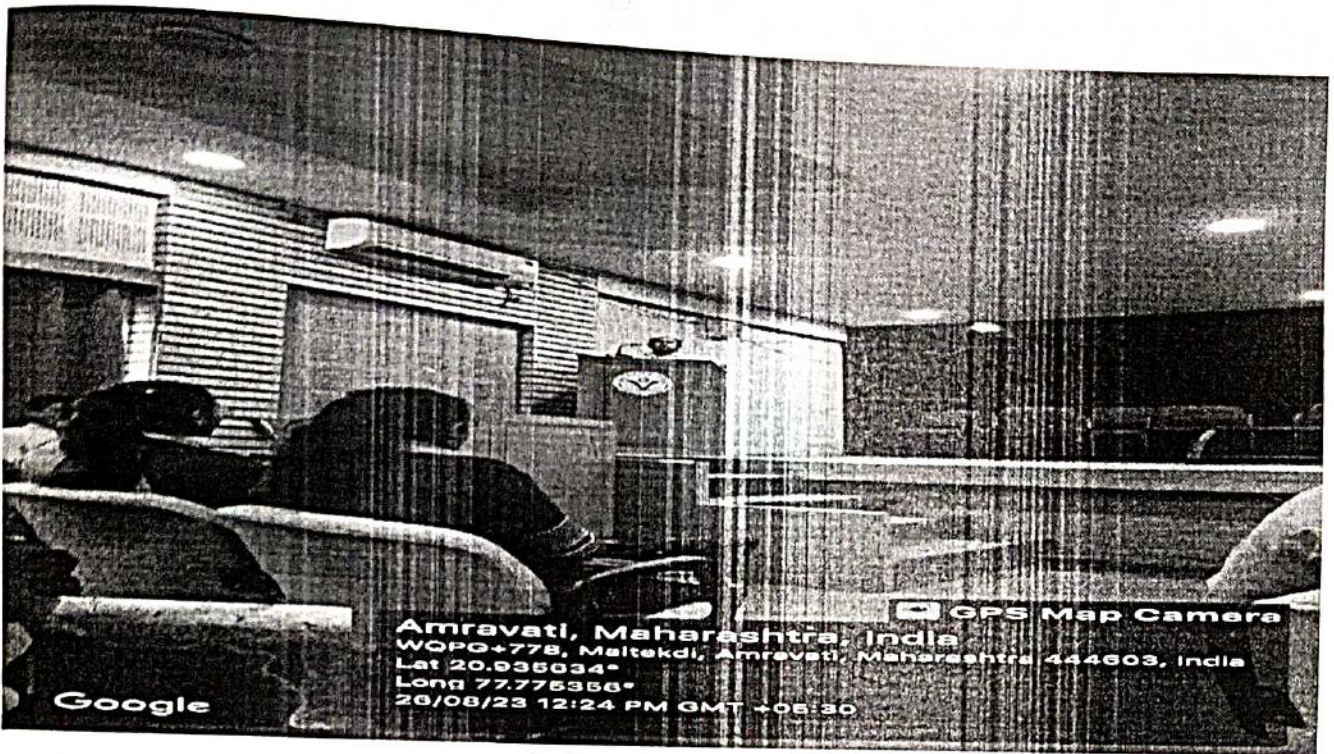

With Warm Regards!

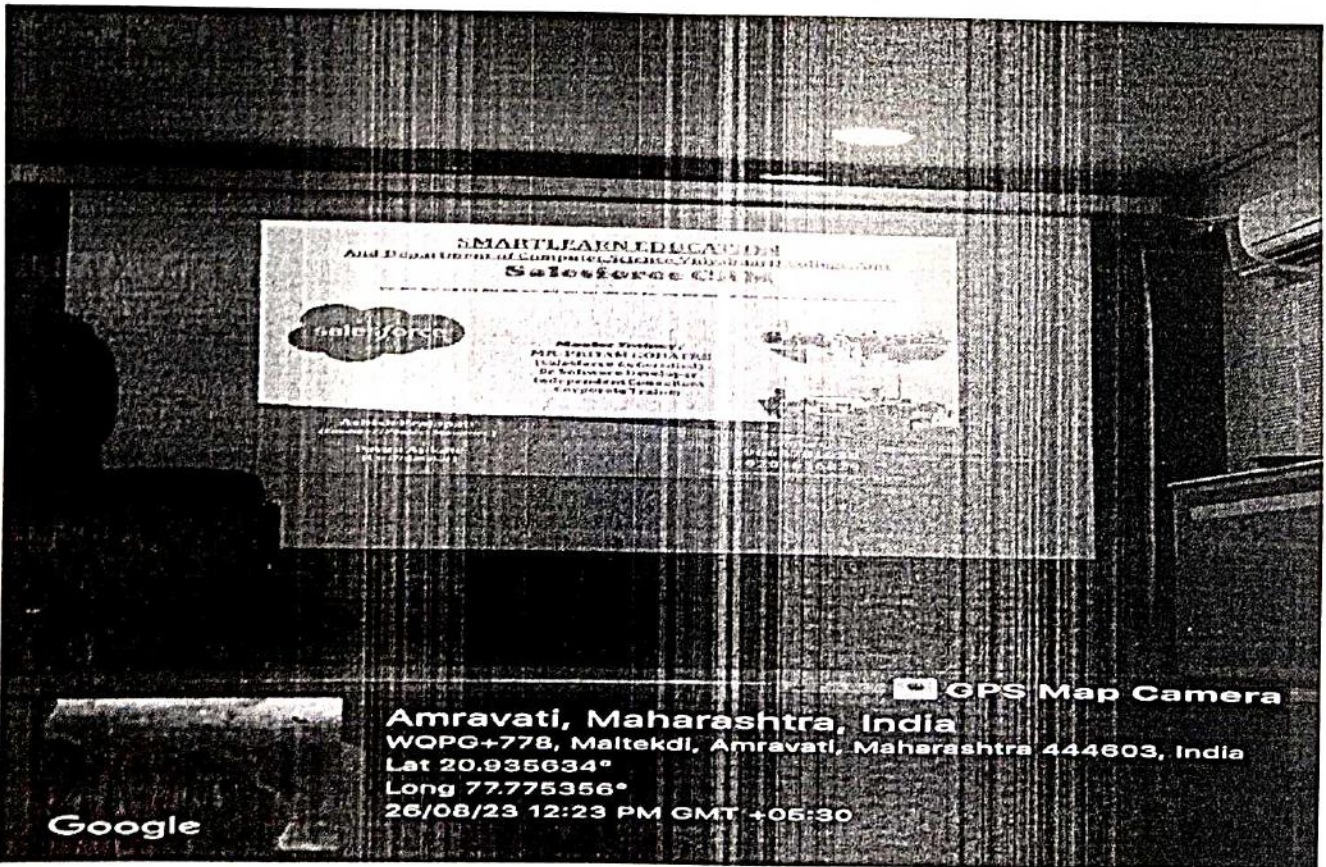

Pradnya Yenkar
Principal

Vidya Bharati Mahavidyalaya,
Amravati.

Report

Report on
Guest lecture on
“Programming Skills”

The goal of organizing guest lecture on Programming skills is to learn basics of programming. Programming is the process of designing a step by step plan that will make a computer do what you want it to. You need it because it allows you to communicate your instructions to the computer in a language it can understand.

Programming is a valuable skill that can open up many opportunities in various fields and industries. However, to land your dream job or project, you need to demonstrate your programming skills effectively and convincingly. Students can showcase their programming skills in a way that they can prove their potential. Students are ready to learn further programming languages.

A Guest Lecture on “**Programming Skills**” was held on 12th September 2023 at 12 :30 pm in class T5, Third Floor Main Building for B.Sc.Ist ,B.Sc. IInd and BSc final year students. All students and Faculty members were present to attend the lecture.

The host for the program was **Ms. Rudrakshi Rathore** of BSc III year .She welcome all the dignitaries. A heartily floral welcome of Guest **Mr. Javed Inamdar Sir** was done by our respected Principal **Dr. Padnya Yenkar** madam. Floral welcome of **Dr. Pradnya Yenkar** madam was done by **Prof. Iqbal Ather** Sir. After guest welcome introduction of guest is done by **Ms. Rudrakshi Rathore**. Later on the guest speaker Mr. Javed Inamdar sir was called to Start his session.

The lecture was delivered by **Mr. Javed Inamdar, Co-Founder of Data Analytics Company, Data Science lab Pune**. The lecture enabled the students to acquire knowledge about programming skills. He spoke about the importance of computer programming. The speaker motivated the students to improve their programming skills

The guest speaker has more than **20 years** of rich experience in Data Science and artificial domain . Before joining Data Science lab he worked with one of the biggest analytics companies in the world, SAS for 14 years. He has core expertise in research and development and analytics product development.

His vast knowledge and experience was reflected in his lecture. The session was very interactive and students participated enthusiastically. At last vote of thanks was expressed by **Ms. Rudrani Gawande** from Bsc II year and with the due permission she concluded the program.

Report on
Guest Lecture on
“Artificial Intelligence and Machine Learning”

The objective of Artificial Intelligence and Machine Learning is to enhance the skills and working capability of newly recruited candidates. In recent year, the field of Artificial Intelligence (AI) has witnessed unprecedented growth, transforming various industries and significantly impacting our daily lives. AI technologies have rapidly evolved, enabling machines learn, reason and perform tasks previously reserved for human Intelligence.

The success of a Guest lecture depends largely on the Artificial intelligence and Machine learning. It is essential for a speaker to possess machine knowledge regarding the mission of the organization.

The AI and ML Program will exhibit the ability to: (program Specific outcomes (PSO)).

PSO1: Understand, analyse, and demonstrate the knowledge of human cognition, Artificial Intelligence (AI), and Machine Learning (ML) in terms of real-world problems to meet the challenges of the future.

PSO2: Incorporate AI and ML techniques for industrial applications in the areas of Autonomous Systems, IoT, Cloud Computing, Robotics, Natural Language Processing, and emerging areas.

PSO3: Develop computational knowledge and project development skills using innovative tools and techniques to solve problems in the areas related to Deep Learning, Machine learning, Artificial Intelligence.

PSO4: Provide solutions to complex problems, using the latest hardware and software tools, along with analytical skills to arrive at cost-effective and appropriate solutions through AI & ML dimensions.

PSO5: Work as a part of the team through effective communication on multidisciplinary projects and successful careers in the computer and information technology industry that meets the needs of a society enriched with professional ethics.

In some cases, the newly recruited candidates are trained to use tools and technologies related to an organization. In such case, the Speaker, trainer must be adept in not only using but also in instruction regarding the use of these. In addition, a Speaker should have great communicating and management capabilities.

At its core, the primary goal of Artificial Intelligence is to simulate human-like intelligence in machines, empowering them to carry out complex tasks and decision-making processes autonomously. Pursuing a Degree in Computer Science such as, expertise in computing enables us to solve complex, challenging problems. People who have computer science levels is found employed in the public plus the personal sectors. Computer Science is one of the fastest growing career fields in modern history. Career in Computer Science on Artificial Intelligence and Machine Learning is considered one of the most high-paying jobs and this sector is broad in terms of employment and job opportunities. Computer Science students can get jobs in non IT companies as well in universities, research, private and public industries, government departments.

A Guest Lecture on “**Artificial Intelligence and Machine Learning**” was held on 13th Sep 2023 at 1 pm in AV T5 Class Room, Third Floor Main Building for MSc. I, MSc. II year, and B.Sc. Final year students. Various Students and Faculty members was present to attend the lecture.

The host for the program is Miss. Neha Bhagat of Msc I year. He welcome all the dignitaries. A heartily floral welcome of Guest Mr. Nakul Deshmukh Sir was done by our respected head of department Prof. Ather Iqbal Sir. After guest welcome introduction of guest is done Miss. Tanvi Gurde. Later on the guest speaker Mr. Nakul Deshmukh was called to Start his session.

The lecture was delivered by **Mr. Nakul Deshmukh Director, Software Trainer Developer, iBase Electrosoft LLP. Amravati**. The lecture enabled the students to acquire knowledge about Artificial and Machine Learning guest Lecture, automation tools and understand the requirements for getting jobs in core sectors. The talk focused on introducing the concepts of Machine Learning, Artificial intelligence and its application to students.

The guest speaker has more than 16 years of rich experience in IT industry. During his 16 years in IT industry he worked with many reputed organizations and his vast knowledge and experience was reflected in his lecture. It also focused on encouraging students on Entrepreneurship.

The main objective of the event was to provide the students with exposure of Entrepreneurship and Career Development. The lecture was very interactive and students participated enthusiastically. AI can deliver significant business impact, but companies can maximize its value by taking an end-to-end approach.

Weaving together strategy, process redesign, and human and technical capabilities, we create the fabric of an AI-driven organization, enabling the outcomes that drive businesses forward. Our research shows that fully embedded AI is one of the key attributes shared by future-built companies that excel across financial and non-financial measures.

Learning and Development are an essential function of Human Resources, as it contributes towards the growing and nurturing of the employees of an organization. With the dynamic change in the domain of Human Resources over the years, it has clearly been evident that this aspect has evolved to be one of the important factors in talent creation and retention.

Sir explains that with all of this advancing technology comes a greater need for professionals who can keep servers, systems, and software working. If you're one of the many people interested in this growing field, you might be wondering, "Which computer science career is right for me?" It's a big question because there's so much to choose from. Once you have an idea of which areas interest you most, you can prepare for that career with the best computer science degree that fits your needs.

Five day Workshop on "Web Development"
15th March, 2023 to 20th March, 2023

By

Khushal Dhole,
Director,
Imagin Script Pvt. Ltd,
Amravati

Report on
Five Days Workshop on
“Web Development ”

Web development, also known as website development, is the process of creating, maintaining, and building websites and web applications. It includes design, layout, coding, content creation, and functionality. Web developers use a variety of programming languages, like HTML, CSS, and JavaScript, to develop websites and web applications.

Web development skills are in high demand worldwide and well paid. The field is generally broken down into front-end (the user-facing side) and back-end (the server side). A front-end dev takes care of layout, design, and interactivity using HTML, CSS, and JavaScript. The back-end handles a lot of the logic and functionality that is necessary for everything to work

The objective of this workshop is to help teachers and Students understand the real life web development and become a web developer using latest tools and trending technologies of current and future. The course outline is designed in such a manner that almost no prior knowledge is required to master the technology. Once completed the course successfully, the trainees are going to have their own live websites and clear understanding of how do real time web developers work in MNCs and other software companies.

This activity was conducted during **15/03/2024 to 20/03/2024** by IT Proficiency and Development Cell & Department of Computer Science in Computer Lab 1, Department of Computer Science Third Flor Main Building.

The lecture was delivered by **Mr. Kushal Dhole**, who was the Founder and Director of Imagin Script pvt Ltd. This Lecture enabled the students, and teacher staff to acquire knowledge about Web Development background Study about Html, CSS, Java, SQL, PHP, Word Press, Web Analytic and study about Mongo DB which are uses for Marketing and Development purposes. He Cover All This Topic related to Web Development. The speaker motivated the teachers to having more updated for the new technology which are updating day by day. The guest speaker has more than **7 years** of experience in Web Development. Following are the Reports of topic which are taken in workshop

Introduction and interactive session (Day 1) Learning Objectives – To understand and get familiar with facts and terminologies related to Web development and have glimpse of web technologies being used by top websites in the world. **Topics – What is a Website**, What are different types of websites (blog, e-commerce, social media, portals, etc.), purpose of making different types of website, understanding the objective of any website, interesting facts and figures related to web development, Prerequisites for Website development, technologies used in creating website (front end/back end/scripting, etc.), Hands on exercise on one simple wireframe and writing its code. Activity: Finding technologies of popular websites.

Designing Wireframes (Day 2) Learning Objectives – To understand the designing part of web development and open the gate for creativity in web designing. Topics- Understand elements of designing, Designing fundamentals, Industry Best practices, installing a wireframe prototype, creating web designs Activity – Creating web design wireframe

Creating web pages with HTML5 (Days 3) Learning Objectives – How to use all the elements in HTML5 and their features for web page designing. Topics - Introduction to HTML, Writing HTML code using Header Tags, Paragraphs, Ordered and Unordered lists, Forms, Links, Tables, frames, Images, Text Formatting,

Image Maps, etc. Encoding URL, Using HTML5 introduced features, Embedding audio and video in a webpage, drag and drop, etc.

Styling web pages using CSS (Day 3) Learning Objectives - How to style the HTML elements. Also different ways to write CSS like external, internal, inline. Topics - Styling of HTML elements-text, links, lists and tables, different ways to write CSS, external, internal, inline. Creating navigation bars, Writing Media Rules, hide visibility of an element, CSS Image Sprites and Gradients, CSS Pseudo Classes and Pseudo Elements, CSS3 Text Effects using different text fonts, Creating 2D and 3D transformations and applying animations, etc.

Handling events with JavaScript (Days 4) Learning Objectives - To understand the basics of JavaScript. At the end, learning how to manipulate DOM elements and use JavaScript for Client-side website interactive features. Topics - Java Script data types, variables, arrays, Creating loops and writing if-else decision making statements, Defining and c

Data Base- JSON, MY SQL (Days 5) Learning Objectives - To understand the Use of Database in web development and have a glimpse of how a dynamic website automatically interact with databases and does CRUDE operations Topics- Introduction to database, basic data types Introduction to DBMS, Creating first database, DDL, Alter & Drop, Foreign Key & Truncate, DML,SQL Joins, Additional SQL features. Activity: Using JSON to create a web page with database

Web Analytics (Day 5) Learning Objectives- To understand web analytics and how to use a website for commercial purpose and understand a professional point of view for maintaining a website and keeping track of users. Topics - What is Analytics, Web Analytics, Why track users, how to track live user on website, Google Analytics account creation, Track number of users on website, track user activity on website, track location of user, tracking device of users, generate web analytic report, work with webmaster tools of search engines.

.This Workshop session was very interactive and all the teaching and Students participated enthusiastically. At last vote of thanks was expressed by **Dr. Ather Iqbal (H.O.D Computer Department)** and with the due permission he concluded the program.
