Objective

A highly accomplished academic professional with over 23 years of experience in teaching, research, and administration, seeking to leverage my expertise in computer science to foster innovation in education and contribute to cutting-edge research. Passionate about mentoring students, developing robust academic curricula, and enhancing the quality of computer science education through rigorous research and leadership.

Personal Information

- **Date of Birth:** 14th November 1973
 - **Marital Status:** Married
 - **Languages Known:** English, Marathi, Hindi
-

Educational Qualification

- **Ph.D. (Pursuing)** – Engaged in advanced research in computer science, focusing on emerging trends and technologies.
 - **M.C.A. (Master of Computer Applications)** – Strong foundation in software development, algorithms, and system design.
 - **M.Sc. (Computer Science)** – Specialized in theoretical and practical aspects of computer science.
 - **M.Phil. (Computer Science)** – Advanced studies in computational theories and methodologies.
-

Work Experience

- **Total Teaching Experience:** 23 Years
 - **Postgraduate (PG):** 10 Years – Taught advanced subjects, guided research projects, and supervised dissertations.
 - **Undergraduate (UG):** 13 Years – Developed and delivered core courses, mentoring students towards technical excellence.
 - **Current Position:** Head, Department of Computer Application (BCA), Vidya Bharati Mahavidyalaya, Amravati
 - Leading the department to academic excellence through curriculum development, faculty mentoring, and student engagement.
 - Implementing innovative teaching methodologies to enhance student learning outcomes.
-

Research & Publications

- **Ph.D. Research:** Engaged in interdisciplinary research contributing to the field of computer science.
 - **Papers Published:**
 - **International:** 05 – Published in reputed peer-reviewed journals covering diverse areas of computer science.
 - **National:** 07 – Contributed to conferences and national-level publications, enhancing domain knowledge.
 - **Books Published:** 03 – Authored academic books to aid students and researchers in computer science.
-

Administrative Experience

- **Head of Department (HOD):** 8 Years
 - Spearheading departmental growth, fostering academic excellence, and overseeing faculty development.
- **Paper Setter & Moderator for Maharashtra State Entrance Examination:** 2 Years
 - Contributed to setting high standards for entrance examinations in computer science.

- **Paper Setter, Moderator, and Evaluator for Various Universities:** 10 Years
 - Ensured fair and comprehensive evaluation of academic assessments across universities.
-

Technical Skills

- **Software Development & Programming:** Expertise in modern programming languages and software development methodologies.
 - **Research & Academic Writing:** Strong background in conducting research, writing technical papers, and publishing in reputed journals.
 - **Curriculum Development & Pedagogy:** Experienced in designing curricula that align with industry and academic standards.
 - **Examination & Assessment Management:** Skilled in evaluating student performance through structured assessment techniques.
-

Strengths

- Proven leadership in academic administration and curriculum development.
 - Strong research acumen with a keen focus on technological advancements.
 - Excellent communication and mentoring skills, fostering student and faculty development.
 - Dedicated to enhancing education through continuous learning and innovation.
-

Declaration

I hereby declare that the above information is true to the best of my knowledge and belief.

(Mr. Vinod N. Mohod)
