Letter of Declaration

This is to declare that the institutional library is functioning at three levels in different wings on the same campus. The Main library is the heart of the college and functions as the resource centre of the institution from its main building. But there are other two centres functioning simultaneously; one at Wing II for Self-financed courses and the other is Vidya Niketan Study Centre, exclusively for students preparing for Competitive Examinations, remains open till 11.00 pm in the night.

So the footfall has got divided into three parts and the issue register is maintained only at the main library whereas the Gate entry register is not maintained at all three places. As per the visit register on an average (per day) around 155 students pay visit to both the libraries whereas in Vidya Niketan Study Centre around 400 students pay daily visits to the centre and sit for the studies, hours together till 11.00 in the night. But this figure does not reflect in the gate register of the main library. The teachers of the institution use library almost daily.

Hence the average number of students and teachers using the library given is the sum of the numbers in the gate register of the main library and also added the number of students and teachers using the libraries at other two centres as well.

This is solemnly declared for the assurance to the authorities at the office of the NAAC.
