Certificate Course in Human Values & Professional Ethics

Preface:

The responsibility of Higher Education System is to create the necessary human capital and knowledge human resources who will bring the country to greater heights. For this, a holistic education programme is needed which can provide required academic and soft skills along with human values to the students. However, the main emphasis in education today lies in acquiring information, passing examinations and securing qualifications for future employment. This makes students a machine, not a sensible human being. This gap will be filled up with the help of this course. This programme will seek to improve the teaching-learning environment that will encourage character building through the inclusion of basic universal values, thus contributing towards the academic excellence.

Course Aim:
